Village Board Will License Pinball Games

Ordinance Puts Machines Under Legal Control, Mayor Explains

"From here on, we collect—let criticisms fall where they may!" is the spirit of the Antioch village board, which voted at a meeting Friday evening to license pinball games and machines in the village.

The ordinance passed by the board, it is pointed out by Village President George B. Bartlett, does not license the use of such games and machines for gambling or "pay-off" purposes, but solely for amusement or skill.

Placed Under Control

It further provides that "no minor shall be allowed to play upon such games." The license, for which a fee of \$50 will be required, may be revoked upon violation of any provision of the ordinance, and fines of not less than \$5 nor more than \$200 may be imposed for each day that such violation may have been carried on.

Since the village fiscal year is already partly spent, a fee of \$35 is to be paid for each machine operated for the balance of the fiscal year, ending April 30, 1941.

After more or less tolerating these machines for many years, with no specific arrangements for licensing them or no special ruling on their local legal status or control, the village will by this ordinance place them under specific control, both as to their licensing and operation, President Bartlett explains.

Besides having the machines under local and legal control, enforcement of the ordinance will also provide for a tidy by-product of revenue for the village coffers, board members emphasize.

Had such an ordinance been enforced in the hey-day of the slot machine and "pay-off" device, rather than in the period of the rather innocuous pin ball game, the "take" would have been tremendous, proponents of the ordinance comment, somewhat regretting a lost but golden opportunity. In fact, judged from a revenue standpoint only, the present licensing measure is somewhat in the nature of "locking the stable door after the horse is stolen."

From a legal, and from a local law enforcement viewpoint, however, its implications are important, it is pointed out.

Closes Door to Racketeers

Some critics have been so ill-natured as to imply that outside forces which might be interested in "cutting in on the take" in return for "protection" of pinball or gaming devices in Antioch some time in the future might not like the ordinance which makes any "protection" given strictly local and legal.

It is also confidently believed, not only by village leaders but also by many of the general citizenry, that something of a blast of newspaper criticism from some outside communities, including possibly Waukegan, may greet Antioch's action . . . from one motive or another.

Why Worry About Us?

It has been observed in the past that a rather morbid and critical interest has been taken in Antioch's strictly local affairs—on the part of other communities that could well afford to devote that interest to the betterment of their own affairs.

According to local sages, a prime incentive for that criticism has no doubt been the fact that Antioch has made it a practice to be a "leader" rather than a laggard in civic betterment; that it is in many respects several decades ahead, civically speaking, of some far larger communities; since the village is, as a unit, a "doer" rather than a talker; and since it pays its debts honestly, meets its obligations fairly, carries out village improvements as progressively as possible, stays out of the "red" financially—and is far too busy minding its own business to attend to that of others—although if pressed for suggestions it could mention a few respects in which said business of said others could be somewhat improved.

All of which would indicate that we of this community mind our own business, and are quite capable of making appeal to the proper and duly elected officials when we need help in the matter of law enforcement. And the local citizenry will be the sole judges if and when need arises.

Firemen Stop Fire at Sheehan Home

What might have been a costly fire at the Herbert Sheehan home east of Loon lake was stopped shortly after noon Tuesday when the Antioch Fire department was called to extinguish a roof blaze. The blaze was nipped in time and the fire caused but small damage.

Kufalk Receives His Postmaster's Commission

His commission as postmaster of the Antioch post office was received Tuesday by Roy Kufalk, veteran clerk who was selected to succeed Postmaster James Horan following civil service examinations in which 27 candidates took part several months ago. Formal installation as postmaster will take place at a visit of a postal inspector, possibly early next week.

Meanwhile Kufalk, who had applied for a few days' vacation which were due him, has received his leave of absence, not to go vacationing, but just in time to pinch-hit for his brother, Clarence, on the latter's farm.

Clarence, whose place is located on Highway 59, about a mile south and west of Antioch, was taken to St. Therese hospital early this week for treatment and an operation as the result of an infection. He is expected to return home within a day or two. Meanwhile, Roy is "resting" from his grind at the post office by helping "fill silo" and doing other needed work down on the farm.

Delinquent Tax Lists Published

Delinquent tax lists for the townships of Antioch and Lake Villa and the delinquent special assessment list for the village of Antioch appear in this edition of the News. Taxes on some of the lands listed as delinquent have not been paid for 20 years, and there are a few owners of property that are unknown to the tax collector.

The county treasurer will apply to the county court on Monday, Sept. 30, for judgment against the lands and lots mentioned in the delinquent roll for the amount of taxes due together with interest, penalties and costs.

On October 14 the lands and lots will be exposed for public sale at the court house in Waukegan. The sale will begin at 9 a. m. and will continue from day to day until the sales are completed.

Antioch Legionnaires, Sons Attend Dedication

Twenty-four Legionnaires and Sons of the Legion were among the 3,500 who attended the dedication of the National Jewish War memorial at Yarmouk Post No. 409 in Oak Ridge Jewish cemetery, Chicago, Sunday afternoon. The Antioch Sons of the Legion colors were carried by Jack Horan and Donald Heath.

Millburn Church Looks Back Over Panorama of 100 Years

Centennial Is Fraught With Old Memories

Surreys and Buggies, Historical Display Re-create Aura of Early Days

By Mrs. Gordon Bonner

Commemorating the 100 years of spiritual service the Millburn Congregational church has given to its community was the centennial festival which opened Friday evening, with the village is, as a unit, a "doer" rather than a talker; and since it pays its debts honestly, meets its obligations fairly, carries out village improvements as progressively as possible, stays out of the "red" financially—and is far too busy minding its own business to attend to that of others—although if pressed for suggestions it could mention a few respects in which said business of said others could be somewhat improved.

Dr. Carter Davidson, president of Knox college, Galesburg, Ill., spoke at the Sunday evening service on "Dreams and Visions," paying tribute to the spirit that prompted the founding of the church in the very earliest pioneer days of Lake county.

A memorial observance honoring the Rev. William Bradford Dodge, founders of the church and deceased ministers was held in the Millburn cemetery in the afternoon. In the afternoon, too, a historical exhibit was held, and a young people of the church rode in a centennial parade in surreys and buggies, wearing treasured garments preserved by their families from earlier years.

Taking as his text the passage from the Book of John, "Our fathers worshipped God on this mountain," the Rev. Melvin Frank, pastor, preached the sermon at the centenary morning worship Sunday.

175 at Dinner
One hundred and seventy-five were present at the centennial dinner Fri-

Legion, Auxiliary Install Officers, Name Committees

New Leaders Are Installed at Joint Dinner at Lone Oak Inn

Standing committees of the Antioch American Legion and auxiliary were appointed at joint installations held in conjunction with a dinner at Ireland's Lone Oak Inn on Highway 59 last Thursday evening.

They are:

Legion—

Bogardus officer, Walter Hills; membership, William White and Warren Edwards; national defense, L. D. Powles; Poppy day, Dr. L. J. Zimmerman; adjutant, (re-appointed), John Horan

Community service and graves registration committees: Ray Webb; hospital relations, Dr. A. P. Bratrude; Sons of Legion, Clarence White, chairman, and Roman Vos and Ernest Glenn, assistants; publicity, J. Harry Messing and John Horan; school medal award, Otto S. Klass; Service officer, John Horan; Drum and bugle corps, Otto S. Klass; law and order, William Thieman.

Medical officer, Dr. A. P. Bratrude; Americanization officer, Otto S. Klass; athletic officer, Mike Whited; Boy Scout committee, Roman Vos; by-laws, Ray Webb; child welfare, Dr. L. J. Zimmerman; Citizens Military training camp, L. D. Powles.

J. Harry Messing is the new commander.

Legion auxiliary:

Finance, Mrs. Margaret Roof, Mrs. Sine Laursen and Mrs. Otto S. Klass; community service, Mrs. A. P. Bratrude; Poppy day, Mrs. Lester Osmond; membership, Mrs. Frank Harden; child welfare, Mrs. Paul Chase; rehabilitation, Mrs. Walter Hills; legislative, Mrs. A. Johnson; Americanization and national defense, Mrs. George Garland; radio and music, Mrs. Earl J. Hays, and veterans' unemployment, Mrs. Frieda Yopp.

Gold star mothers, Mrs. Thomas Burnett; junior activities, Mrs. Roman Vos; sick call and relief activities, Mrs. Elizabeth Webb.

Mrs. L. J. Zimmerman is president.

Douglas Getchell of Grayslake, commander-elect of the Tenth district, and Edward Ayers, Waukegan, sergeant-at-arms, presided at the Legion installation, while Mrs. Noel White of Fox Lake, district director-elect of the auxiliary, presided at the installing of auxiliary officers.

Millburn Church Looks Back Over Panorama of 100 Years

Centennial Is Fraught With Old Memories

day night. The invocation was given by Dr. J. W. F. Davies. Musical selections were given by a cornet trio, Phyllis McClure, Beryl Bonner and Marie Podesta, and Stanley Jack, vocal soloist.

Historical sketches entitled "Stories of the Beginnings," were given by Miss Vivien Bonner, "The Church"; Mrs. Carl Anderson, "The Ladies' Aid Society"; and Miss Ruth Minto, "The Christian Endeavor Society."

Several hundred, including many old time residents who returned especially for the celebration, were present at Sunday's events.

Richard P. Martin was soloist for the morning service.

At the centennial memorial service, conducted by the board of deacons, the scripture reading was given by the Rev. Ralph Harris, son of the late Rev. Sheldon A. Harris, a former pastor at Millburn. Prayer was offered by Glenn Strang. The sounding of "Taps" by James Jones and the placing of floral pieces by the Boy Scouts completed the observance.

An automobile of 1926 vintage and a resplendent 1940 model afforded interesting contrasts to the horse-drawn carts and carriages in the centennial parade.

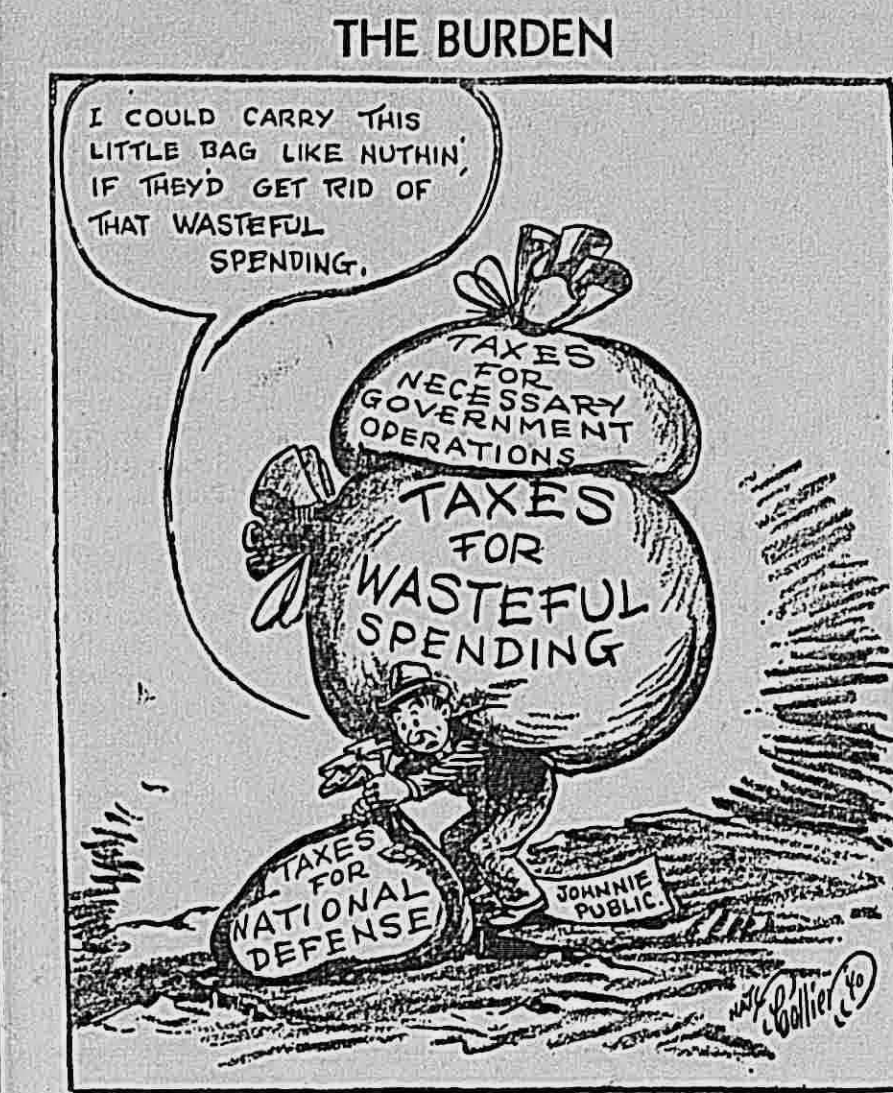

The Christian Endeavor had charge of the parade, which started at the Denman home, proceeding from there to the church and later to the cemetery.

Centennial Gown

The oldest woman's gown shown was worn by Lois Bonner—her Great-Grandmother Bonner's wedding dress, made in 1840. Miss Margaret Denman wore the wedding gown of Mrs. Jessie Bonner Low and Beryl Bonner her grandmother Eliza Bonner's wedding dress, made in 1879.

Many other quaint and historically interesting costumes were worn by others taking part in the parade.

Reminiscent, too, of early days was the mishap in which a team became excited and crowded a phaeton in which Billie Herrick and Don Truax (continued on page 8)

Civic Club Will Open Year Monday

The Men's Civic club of Antioch will open its 1940-41 year with a dinner meeting Monday evening in St. Ignatius' Guild hall.

Otto S. Klass, the new president, will preside officially at this meeting for the first time.

Dinner reservations may be made with Armand Dalgaard, membership chairman.

A speaker will be present, Klass announces.

County Republican Rally Will Be Held at Lake Villa Sept. 22

Young Republicans Will Sponsor Opening Event of Campaign

Following the announcement of County Republican Central Chairman William Marks of Lake Villa, the Republican campaign for the coming elections will be opened. The first affair of the campaign will be a county-wide picnic and rally which will be sponsored by the Waukegan Young Republican organization working in connection with the newly formed Young Republican clubs of Lake county.

James Zerafa, president of the Waukegan group, and Wesley Carey, chairman of the new county organization, will act as co-chairmen of the rally, which will be held at Sherwood Park on Cedar lake in Lake Villa on September 22. C. Wayland Brooks, Dwight Green and all other state, as well as all of the Lake county candidates, will attend, with Brooks and Green making the principal addresses.

Following are the chairmen of the various committees appointed by the Waukegan organization. These chairmen will be assisted by various county young Republicans in the performance of their various duties.

Finance—G. E. Painter and Vernon Rosenthal, co-chairmen.

Publicity—Richard Finn.

Contest—Clarence Adams.

Food—Robert Brown.

Transportation—Glady Becklian.

Speakers—Mark Beaubien.

Entertainment—Lawrence Biding.

Games—Robert E. Coulson.

Registration and First Voters—Helen Staben.

The rally to be held on Sunday, Sept. 22, will be an all-day affair, with games, contests, speeches and other entertainment planned for those who attend. The Young Republican group are especially inviting first voters. The Lake County Republican rally is open to all Republicans of all ages and will be free of charge. All Republicans are invited to attend.

Grade Enrollment Down, High School's Is Up

Antioch High school and the Grade school, both of which had delayed their opening a week on the advice of health authorities when two infantile paralysis deaths occurred in the vicinity of Antioch, opened their regular classes Monday.

The high school reported an enrollment of 274, an increase of about 27 over last years. This included 71 freshmen, 79 sophomores, 62 juniors, 58 seniors and four special students who are taking post graduate work. Antioch Grade school reports an enrollment of 148.

Organization of Subdivisions is Being Planned

Open Meeting Will be Held Sunday Afternoon at Felter's Park

Aiming at an ultimate organization of 3,000 or more cottage owners in subdivisions in the Chain O' Lakes around Antioch is an organization meeting to be held Sunday afternoon, Sept. 15, at 2 o'clock in Felter's Park, east side of Lake Catherine.

Warrior, Runyard, Channel Lake Bluffs, Woodcrest and Felter subdivisions were represented at a preliminary meeting held in the park Sunday.

Dr. Haldor Carlson of 4212 Milwaukee avenue, Chicago, (Runyard subdivision) was chosen temporary chairman at this time and Conrad Wolf, 5342 W. Drummond ave., Chicago, was named secretary.

A committee of five was appointed to draw up rules and regulations which were discussed at a committee meeting in Dr. Carlson's office Wednesday evening, preliminary to their being submitted at the meeting Sunday.

Would Improve Region

The organization will have as its objective the improvement of the lakes region. Among the major matters in which it considers joint action are the maintaining of water levels, police protection, sanitation, pollution of waters, taxes, motor boat regulations, general morale, fire hazards, the widening of channels, the fish supply, and other matters which are of common interest to the entire lakes area.

All persons owning summer homes on the Chain O' Lakes are invited to attend the meeting Sept. 15, it is announced.

Among those who have been active in promoting the formation of such an organization is J. C. James, veteran Antioch real estate man who has advocated such a step for the past four years, and has for the last two months been actively engaged in furthering it.

'round the Lakes

Mr. and Mrs. Frank Tontillo and Mrs. Frances Tontillo of Crooked Lake Oaks, Lake Villa, where they have a summer home, were business visitors in Antioch and Camp Lake Tuesday. The Tontillos are among the many summer residents in this region who have been remodeling their cottages into year-round homes, in order to enjoy the peapores of the lake region at all seasons. Mr. Tontillo is an assistant pressman at the Manz.

The Meyers family of Hillside resort, Fox Lake, returned early this week from a northern motor trip.

A general invitation to all people of the lakes region to attend the big annual fall basket picnic at Herman's resort on Bluff lake Sunday has been issued by Mr. and Mrs. Ed. Knickelbein, proprietors. Many out-of-town visitors are also expected, more than 500 planning to come from Chicago alone. The admission price will cover all refreshments except the basket lunch which those attending are warned to bring. "Ed" announces, and there will be games and other entertainment to make for an enjoyable day.

Fox Lake firemen will hold their annual benefit dance at "The Rage," Ingleside, Saturday evening.

Walsh, who was 73, was considered one of the finest newspapermen in the state. His newspaper held a high rank among the successful weeklies in Illinois, and several times won first prize in state-wide contests.

Walsh was also a leader in the Republican party in McHenry county. He was for 16 years postmaster of Harvard, having been appointed in 1899 by President McKinley, and receiving re-appointments during the Theodore Roosevelt and Taft administrations.

From 1917 to 1921 Mr. Walsh was a member of the Illinois Civil Service commission. In 1929 he was named director of the state department of registration and education by Gov. Louis L. Emmerson, holding that post until 1933.

He is survived by his widow, the former May G. Groesbeck. Walsh had many friends in the Antioch region, and had been a visitor at the Antioch News office in past years.

Insurance Coverage Is Discussed by Firemen

Insurance matters occupied the attention of the Antioch Fire department at a meeting Tuesday evening in the village hall, and will again be discussed at a meeting Tuesday evening, Sept. 24.

The firemen at present have a three-fold coverage, by the Illinois Firemen's Mutual, the workmen's compensation act, and a blanket policy covering 30 men.

Air Show to Be Held at Kenosha Sun., Sept. 22

A number from Antioch and vicinity are planning to attend the air show which will be sponsored by Kenosha chapter of the Wisconsin Civil Air corps Sunday, Sept. 22, at the Kenosha airport on south Twenty-second avenue.

A guy from Grayslake tells us that occasionally a man gets by with a tremendous bluff simply because his friends are kind hearted and hate to spoil a beautiful specimen of self-esteem.

We notice brighter colors seem to be the vogue for houses, too. For instance, there is that white house with geranium-red trimmings down at Indian point. . . and not so bad looking, either

GET FIRE ON THE RUN

Here's a date to mark on your calendar— Oct. 6 to 12.

During that period, Fire Prevention Week will be observed this year. And that week isn't something to idly notice, then forget. Fire Prevention Week is carried on for you — and for all the other people in this country. It is carried on for your business, and every other man's business. It marks an intensive effort to awaken the American people to the terrible waste fire leaves behind it—and to show how fire may be conquered.

Fire Prevention Week is far more important than usually this year. Today, largely due to the rearmament drive, industrial production is on the upward curve, and is slated to go rapidly higher as the drive gains impetus. And the record shows that the danger of fire increases as production increases. That means that fire, if not controlled, can be a very real danger to our defense plans. It takes an intricate industrial machine to make the weapons we need today — all the agencies of manufacture, transportation and assembly must work with the precision of pistons. One bad fire in one key factory might delay for months the production of weapons which we sorely lack.

On top of that, special precautions must be taken against the arsonist and the saboteur — as our experience in other times of crisis grimly proves. Authorities expect efforts to sabotage the defense program — and fire is always regarded as a handy weapon by the purposeful destroyer.

Fire Prevention Week should be observed by all of us — by every man and woman able to read and listen and learn. This is one place where all, old and young, can be

of great aid to the national defense program. Do your part!

SCIENTIFIC SHOPPING

The alert housewife can do a great deal toward making budget dollars stretch — and toward keeping merchants on their toes trying to out-serve each other.

A recent issue of Consumer's Guide, a publication of the Department of Agriculture, offers the housewife some excellent advice. It is certainly simple and obvious. Here are a few of the suggestions:

1. Plan before you market — check supplies in your larder and left-overs in your refrigerator.

2. Shop around and compare prices — watch the newspaper for specials.

3. Always buy by grade whenever possible. Grades are your guarantee of the quality you want and are paying for.

4. Be sure that the scales in any store you patronize carry the seal that shows they have been inspected and approved by your weights and measures official.

5. Look for the net weight on packaged foods. Compare the cost per ounce of different brands and containers to determine which is the better buy. Be on your guard against off-sized packages.

6. Take home the trimmings. Scraps trimmed from your meat purchase can be profitably used in various ways.

A buying public which makes its marketing tours with its eyes open, and with the basic knowledge that enables it to buy to the best advantage, can't be easily exploited. Scientific shopping helps stimulate competition between all kinds of stores — chain and independent, variety stores, super-markets, and all the rest — to the end that the housewife gets more for her money.

Latest polls indicate that this, as forecast, may be one of the closest elections in a long time — margin between Roosevelt and Wilkie in big key states is only one to five per cent. Yet there will not be much activity for another month — both sides are afraid of bringing their drives to a climax too early, thus paving the way for a let-down that might lose them legions of on-the-fence votes.

TREVOR

Mr. and Mrs. Robert Runyard, Mr. and Mrs. Robert Runyard, Jr., and Mr. and Mrs. Roy Kufalk and children of Antioch were Sunday dinner guests of Mrs. Nell Runyard and sons.

James Walsh returned home Thursday from Victory Memorial in Waukegan where he has been a surgical patient.

Mr. and Mrs. George Robenow and children were Sunday dinner guests at the Evans-Elfers home at Rock Lake. Mrs. Joseph Smith and Mrs. Charles Oetting accompanied Mrs. Irving Elms and daughter Louise of Antioch to Woodford, Wis. where they visited the Fred Salzwedel family.

Mrs. Alfred Dahl and niece, Miss Evelyn Jensen were Burlington visitors Friday.

Mr. and Mrs. Mathison of Shang-Ra-La were Friday callers at the Chas. Oetting home.

Mr. and Mrs. Thomas Schulz and

daughter left Thursday morning for their home in Cleveland, O., after spending the past two months here.

John Kraus and son John, Jr., called on the former's uncle and aunt, Mr. and Mrs. A. J. Baethke Thursday.

George Hammond and son-in-law of West Allis called on Trevor friends Thursday.

Frank Higgins of Union Grove was in Trevor Thursday on business.

Mrs. Luanah Patrick and Milton Patrick spent Wednesday evening with Sarah Patrick and Robert Patrick at the Patrick home in Salem.

Mrs. M. Johnson motored to Arlington Heights Thursday where her husband is at present.

Hiram Patrick, Mrs. William Kruckman and daughter, Mrs. Ed Eisenbart, of Burlington called on relatives and friends in Trevor Thursday afternoon.

Mr. and Mrs. P. J. Haney, Shady Creek, called Saturday at the Joseph Smith home.

Mr. and Mrs. Frank Harris and son William, Allen Copper of Chicago

spent over the week-end with his sister Gertrude Copper and Mrs. Allen Copper and children.

Mrs. William Boersma spent Friday with Mr. and Mrs. Paul Ganzlin at Wilmet.

Sunday callers at the Joseph Smith home were Mr. and Mrs. George Halter, Mrs. Vern Huntton and son, Robert of Kenosha.

Mr. and Mrs. Geo. Colbert and son of Chicago were Sunday visitors of her mother, Mrs. Ottila Schumacher.

Mr. and Mrs. Harry Dexter, Jr. entertained relatives from Chicago Sunday.

Mr. and Mrs. Joseph Smith were supper guests Saturday evening of Mr. and Mrs. Gus Hanslau, Camp Lake Oaks.

Mrs. Sophia Breckman, her daughter and their families, Mr. and Mrs. John Barto and Mr. and Mrs. Arthur Boeger of Willow Park, Ill. were Saturday visitors of the former's sister and husband, Mr. and Mrs. A. J. Baethke.

Mr. and Mrs. Byron Patrick, Salem,

were Monday dinner guests of Mrs. Luanah Patrick and brother Milton. Among Kenosha visitors Saturday were Mrs. Daniel Longmann and son Russell, Mrs. Charles Oetting, Mrs. Earl Elfers, Gertrude Copper and Elaine Allen.

Mr. and Mrs. Theron Hollister and Family spent Sunday with Mrs. Hollister's mother, Mrs. Henry Schulz at Pleasant Prairie, and on Monday Mr. and Mrs. Hollister were Kenosha visitors.

Mrs. Nick Hilbert and Mrs. John Hilbert were Kenosha shoppers Saturday.

Miss Alex Stephenson, Chicago, visited over the week-end at the Mrs. Will Runyard home.

Gerald Runyard was on business in Madison on Wednesday.

HICKORY

Mrs. Arthur Shearer and Mrs. Hattie Dunlop from Oak Park called at the Tillotson, Tompson, and Hunter homes Wednesday afternoon.

Mr. and Mrs. R. C. Bishop and Miss Grace Tillotson from Kenosha called at the Emmett King and Harrie Tillotson homes Saturday evening.

Frazier Hollenbeck called at the W. Thompson home Sunday evening. He expects to leave for his home in Jersey City, New Jersey, by the end of this week.

A large number of people from this community attended the celebration at Millburn church last Sunday.

Miss Grace Tillotson has a month's vacation from her duties at the Kenosha hospital. She left on Monday, Sept. 9 by train to visit a former schoolmate

in Oregon. She expects to come home via the southern route through Tucson, Ariz., and while there will visit her aunt, Mrs. Emma Brazie, and Miss Hazel Brazie.

Mr. and Mrs. Harold Wilton and son, Carl, and Mr. and Mrs. Chris Bock and family visited the Wilbur Hunter home at Mundelein Sunday evening.

Wilson King and Bud Anderson of Antioch left here on Monday for a vacation motor trip through the southwest states.

Mr. and Mrs. Will Thompson and Helen were Zion callers Saturday eve. Geo. A. Thompson returned home with them to spend Sunday.

Warts

Contrary to still-prevalent belief, warts are not contracted by touching a toad's back. This idea arose because toads' backs look warty, and by symbolic magic whatever resembles a disease is thought either to cause or cure it.

Irish Free State

The Irish Free State includes three southern provinces of Ireland — Leinster, Munster and Connaught — and three counties, Cavan, Donegal and Monaghan, of the Province of Ulster.

Meteor

When a meteor strikes the earth, it becomes a meteorite. Biggest meteorite ever dug out of the ground was at Bacubirito in Mexico; it was a mass of iron weighing about 50 tons.

Singing in Bathtub

At last we know why so many of us love to sing in the bathtub—a throat specialist recently declared that steam acts on our vocal cords as a natural lubricant.

Street Scene

Every Broadway stage producer turned down Elmer Rice's "Street Scene," which costed \$2,000,000 when William A. Brady took a chance.

Not Columbus

Brunelleschi and not Columbus made an egg stand on end. He did it to silence critics who asked him how he was going to support the dome of the Cathedral of Florence.

Wore Corset

Sir Walter Raleigh always wore a corset, even when he slept. He also wore diamond shoe buttons and pearl earrings.

THE 1940 MODEL HOUSE IS READY!

Located at 415 Hardin St.
Open Sunday, Sept. 15th

Antioch, Ill.
9 A. M. to 7 P. M.

Visit It Sunday

It's a Guildway House featuring the
**Johns-Manville Principle
of Triple Insulation***

BECAUSE this is such a new and different kind of house, it has to be demonstrated in a new and different way—we "X-ray" it for you.

We show you just exactly how this house is built—and how Johns-Manville modern materials protect it against fire, weather and wear.

Learn About Other Guildway Houses

Before you build or buy, be sure to see this 1940 Guildway Model Home. And let us show you sketches and floor plans of other attractive houses by local and nationally prominent architects. We can help you decide on just the right house to fit your family requirements—and your pocketbook. The Guildway

Look for this Seal
It identifies every
Triple-Insulated* House

method makes it easy and simple to build and own a home—and Johns-Manville engineering standards protect you against fire, weather and wear!

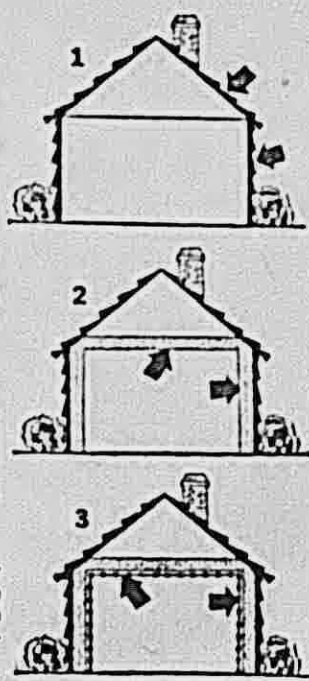

*THESE DIAGRAMS TELL WHAT TRIPLE INSULATION MEANS

Triple Insulation means a house that has been "insulated" or protected against fire, weather and wear with these three J-M materials:

1 Asbestos Shingles on the roof and Asbestos Siding provide a fireproof, lasting exterior.

2 Rock Wool Home Insulation in walls and attic protects against winter cold and summer heat, and gives added protection against fire.

3 J-M Steeltex Plaster base retards the spread of inside fire and reduces plaster- upkeep expense.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Dean of The Moody Bible Institute
of Chicago.
(Released by Western Newspaper Union.)

Lesson for September 15

Lesson subjects and Scripture texts are selected and copyrighted by International Council of Religious Education; used by permission.

THE EVER-PRESENT GOD

LESSON TEXT—Psalm 136:1-12, 23, 24.
GOLDEN TEXT—If a man love me, he will keep my words; and my Father will love him, and we will come unto him, and make our abode with him.—John 14:23.

"The Psalm of the Unavoidable God"—so Abingdon characterizes Psalm 136, but goes on to say, "It's main theme is 'God Cares.' He cares personally and individually." The omniscience and omnipresence of God, in the trying of the hearts of men, rightly brings fear to the ungodly, but to those who love and serve Him it can bring only assurance and joy.

The sublime concept of God here presented is an evidence of the divine inspiration of the Bible, for no human philosopher could ever have attained to or expressed such an understanding of the true nature of God. Only the infinite, all-knowing God, speaking through man, could give us this magnificent Psalm. It reveals that

I. God Knows Everything (vv. 1-6).

He is entirely unlimited in His true and eternal knowledge of things. Man is always limited in his knowledge of himself, of the world in which he lives, and of God, except as He reveals Himself. Our knowledge is not only partial, but progressive, going from one fact to another; but God knows all things perfectly and entirely from the beginning, yes, from all eternity.

One might well suppose that such a Being would be concerned only with the great and mighty forces of the universe, but we are told that He has an exact and intelligent understanding of and interest in even such simple details of life as our "downsitting and . . . uprising."

God is not so foolish as man. He does not put things and power above personality. He is interested in you and in me—vitality, personality and blessedly concerned about each one of us. Knowing all about us, He builds a garrison of understanding love around us (v. 5; see Phil. 4:7 R. V.), and keeps His eternally powerful but tender hand upon us, if we permit Him so to do. Reader, have you submitted your life to His control through Jesus Christ our Lord?

II. God Is Everywhere (vv. 7-12).

In our humanity we are limited, not only in knowledge, but also in our ability to be in more than one place at a time. The Bible tells us what our reason would expect; that God, the infinite One, is everywhere at all times. This does not mean (as the pantheist would have us believe) that God is lost in nature, bound up in the rocks and trees, but that He is everywhere immanent in majestic power and love, sustaining all things, controlling and directing the destinies of His universe. He is not afar off, letting the world care for itself (as the deist would say),

"But here in present majesty,
As in His courts on high."

The man who would hide from God and flee from the Holy Spirit finds no comfort in these verses. He may attempt to hide in heaven or in the abode of the dead, but God is there. If he could ride with the speed of morning light (v. 9) to the uttermost parts of the earth, God is there before him. Darkness, which men think will hide their evil deeds, is like daylight to "Him with whom we have to do" (Heb. 4:13).

But why flee from a loving God? Why not come to Him in loving obedience, and then with the psalmist rejoice that we "cannot get beyond the circle of His love"? What a blessed truth it is that wherever these lines are read—in the home, the church, in a hospital, in a jail, in an airplane, in the depths of a mine, in darkness or in light, in the great city, or by one living alone in the wilderness—God, the infinite, all-knowing, eternal, loving God, is there. He is right at your side, reader. Turn to Him, count on Him, love Him, serve Him.

III. God Searches Man's Heart (vv. 23, 24).

Verse 3 of our psalm teaches that God searches the hearts of all men, but here we find the psalmist wisely inviting God to search his own heart. It is one thing to know a universal truth; it is another matter to make it personal. It is one thing to know that God, against my will, is pointing out to me the sin and rebellion of my heart; it is quite another thing to open my heart voluntarily to His searching scrutiny.

Why did the Psalmist ask God to search him? That in trying his thoughts any wickedness might be revealed and put away. That is the important point. It is not enough to know that sin is there. We must ask God to give us grace to put it out, that He may then lead us in the "way everlasting."

The Word of God points the way of righteousness in both heart and life. Who will decide this day to walk in that way—in fellowship with the all-knowing, ever-present Lord?

Wallace Wrong Again!

Democratic Vice-Presidential Candidate Henry Wallace in his Acceptance speech asserted that during the seven years that President Roosevelt "have been more than doubled." Like so many New Deal statements, that one simply is not true.

Figures supplied by the United States Agricultural Department show that cash income from farm marketings in 1933, the year in which Mr. Roosevelt became President, totaled \$5,278,000,000 and that in 1939, the last full year for which we have a report, they were \$7,625,000,000. This is an increase, to be sure, but it is NOT MORE THAN DOUBLE.

Of course, it is never fair to compare one year against another unless account is taken of all circumstances. A fair basis of comparison is that of the full seven years of the New Deal and the seven previous years. What does that show in the case of farm income?

Cash farm income for the seven Republican years preceding the New Deal—including the worst years of the depression—averaged \$9,048,000,000 a year. The average annual total for the New Deal seven-year period was \$7,247,000,000. Annual average income per farm for the 1928-32 period was \$1,432 compared with \$1,062 for the 1933-39 period. Average annual income per farm person for the Republican period was \$298 compared with \$228 for the New Deal years. The figures for the New Deal years include benefit payments from the Federal Government.

It is no wonder Henry Wallace devoted most of his speech to the foreign situation!

New Deal Drops in Exports
In the depression year of 1932 exports of American products had a value of \$752,000,000. In 1939 agricultural exports had a value of \$683,000,000.

Here's a ten-minute lesson in politics, geography, natural science and general information. It's free. Try it. Simply read the question, indicate your choice of answer in the space provided, check for correctness, tally score for rating.

(1) First woman ever elected to the U. S. house of representatives was Miss Jeanette Rankin of: (a) New York, (b) Texas, (c) Washington, D. C., (d) Montana. ☐

(2) Highest point on the North American continent is: (a) Mt. McKinley, Alaska, (b) Mt. Whitney, Calif., (c) Mt. Ranier, Washington, (d) Mt. Hood, Oregon. ☐

(3) This neat little "beastie" is a: (a) llama, (b) yak, (c) alpaca, (d) model donkey. ☐

(4) Under the general provisions of U. S. law an alien cannot acquire American citizenship until he has resided in the U. S. for a period of: (a) 6 months, (b) 2 yrs., (c) 10 yrs., (d) 5 yrs., (e) 7 yrs. ☐

(5) Clarence Darrow is remembered because of: (a) his work in the grafting of plants, (b) his famous Sherlock Holmes novels, (c) his work as an American criminal lawyer, (d) his world famous theory on evolution. ☐

(6) This statement should be marked true or false: "July 4, 1776, the Declaration of Independence was signed by George Washington, President of the United States." ☐

(7) This U. S. President was impeached by the house of representatives but acquitted by the senate: (a) Warren G. Harding, (b) Andrew Johnson, (c) John Tyler, (d) Zane Grey, (e) Abe Lincoln. ☐

Illuminating Gas
Causes for the escape of illuminating gas are varied, says a report of one of America's largest companies. Some of the causes are flexible pipes becoming detached from heaters; inadvertent turning of gas jets; and extinction of gas flames by overboiling water or by a gust of wind.

WHAT WE USE FOR MONEY.

THE OX WAS THE MEASURE OF VALUE IN ANCIENT ROME.

RED FEATHERS HAVE BEEN USED IN SOUTH SEAS. OTHER PEOPLE HAVE USED FISH, MULBERRIES, SALT, IRON, GLASS, CLAY FOR MONEY

U.S. GOVERNMENT MADE ITS FIRST SILVER DOLLAR IN 1794.

IN 1693 FERRY FARE FROM NEW YORK TO BROOKLYN WAS PAID IN WAMPUM.—BELTS OF SMALL BEADS, WHICH INDIANS USED FOR MONEY.

TODAY WE HAVE PAPER AND METAL MONEY, BUT MOST MONEY IS EXCHANGED BY CHECK.

LAKE VILLA

Clarence Blumenschein transacted business in Minneapolis the first of the week.

The Ladies' Aid society will meet Wednesday afternoon, Sept. 18, with Mrs. Wm. Weber at her home and visitors are welcome.

Mrs. Russell Nickerson entertained her sister and small son from Galena, Ill., last week.

John Effinger and a party of friends enjoyed a fishing trip in Northern Wis. last week and Gus Swanson and daughter Elsie enjoyed a vacation at Phillips, Wis.

Mrs. Nettie Frazier spent a part of last week with her daughter, Mrs. Logan in Evanston.

Mr. and Mrs. Floyd Barnstable spent last week with relatives at Chetek, Wis., and Floyd came home, but Mrs. Barnstable remained for a few weeks.

Mr. John Nader and daughter Mrs. Fred Hamlin visited Mrs. Nader's sisters at Fox River Grove last Sun.

Mrs. Emma Sorenson gave a farewell dinner Tuesday evening last week in honor of her grandson, Don Sherwood, who left the following day to enter the University of Alabama. Mr. and Mrs. Clare Sherwood, Mr. and Mrs. Frank Paskowsky and Mr. and Mrs. Howard Sorenson were other guests.

Mrs. William Weber was a Springfield, Ill. visitor last Thursday.

Mr. Frank Wood was able to resume his work at Allendale last week after his recent accident, but Mrs. Wood is recovering from a broken leg at the home of her niece in Evanston, and is doing as well as can be expected.

Mrs. Stella Pedersen visited her sister in Chicago on Sunday, and last Wednesday she and her brother-in-law Mr. Pedersen visited relatives at Beloit, Wis.

The Royal Neighbors Officers' club enjoyed a social time and card party at the C. B. Hamlin home Wednesday afternoon.

Mrs. John Meyer spent last Wednesday and Thursday with her daughter

Mrs. Vern Sharp at Rochester, Minn. Mrs. Gladys Ames, supervising deputy of the R. N. A. and Mrs. Ellsbury of Gurnee met with Mrs. Paul Avery on Monday to make plans for the annual R. N. A. convention in Oct.

SALEM

Mr. and Mrs. Carlton Kaines and Miss Doris Kaine spent Sunday with Mr. and Mrs. Harry Krahn.

Miss Florence Bloss and Harold McCweeney of Delevan spent Sunday evening with Mr. and Mrs. Arthur Bloss. Mr. and Mrs. Frank Schmidt and Charles Schmidt spent the week-end in Milwaukee visiting relatives.

Mr. and Mrs. Byron Patrick and son, Ray, accompanied by Mrs. Stanley Stoxen and Katherine Davis have returned from a week's vacation in North Wisconsin.

Mr. and Mrs. Alfred Schultz are rejoicing over the birth of a son born at St. Catherine's hospital Sept. 9.

Those from here who enrolled in Antioch High school are Katherine Barthel, Ray Patrick and Richard and Elmer Hartnell.

Mr. and Mrs. Byron Patrick spent Monday evening with Mr. and Mrs. Stanley Stoxen.

Mrs. L. K. McVicar spent Monday afternoon with her mother, Mrs. Fred Lovoy of Bristol.

Mr. and Mrs. Stanley Stoxen, Mrs. Gertrude Davis and daughters Mary Jane and Kathryn of Bassett and Mr. and Mrs. Cleo Cowell of Cedar Falls, Iowa, Milton Patrick spent Sunday evening with Mr. and Mrs. Byron Patrick.

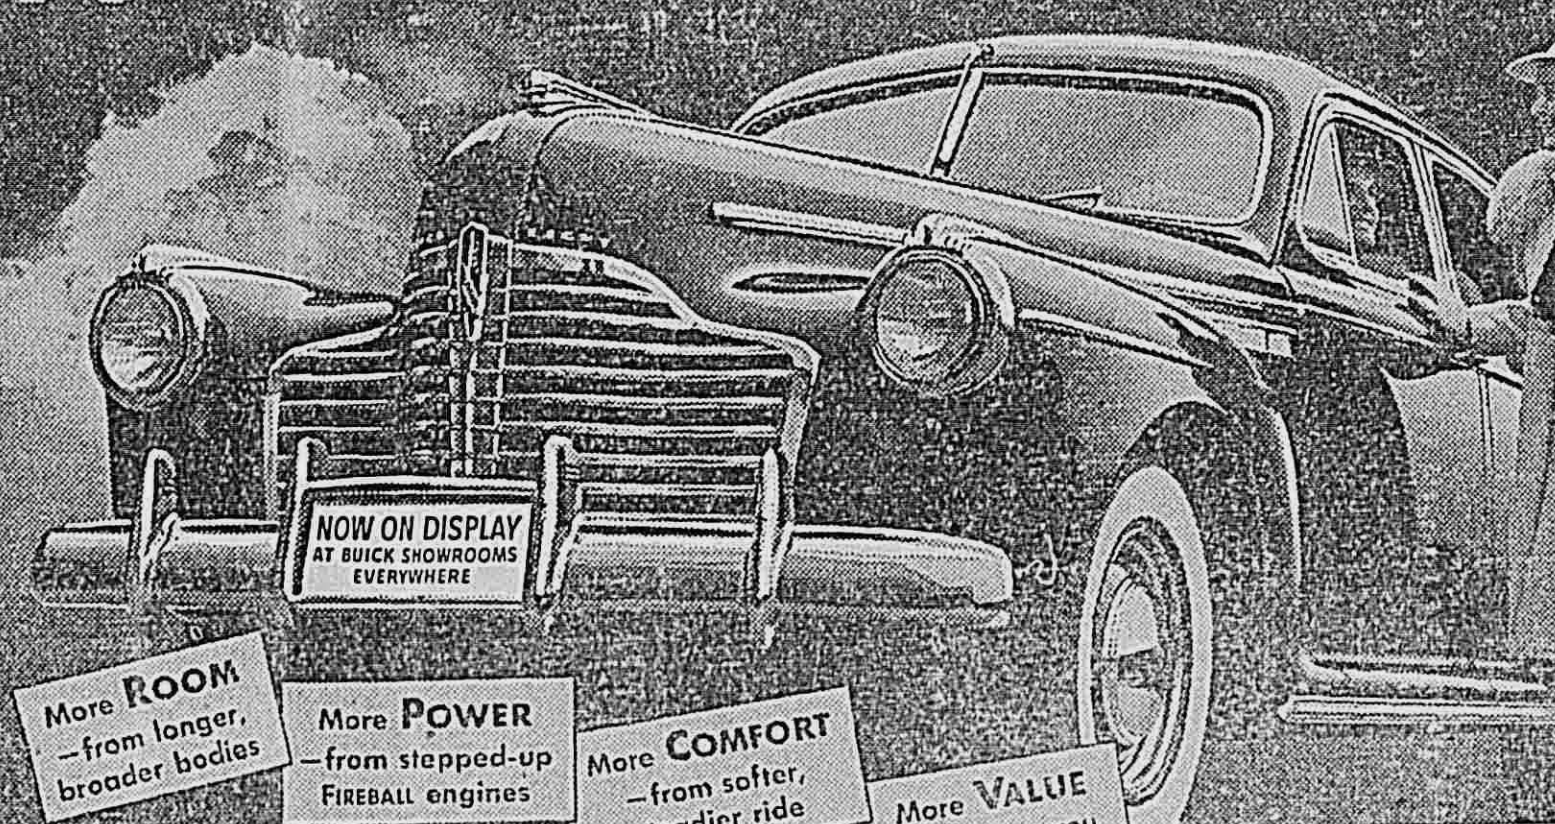

Mr. E. T. Manning spent Tuesday in Janesville.

Mr. and Mrs. Alfred Schmidt and son Robert spent Sunday evening with Mr. R. Gitzlaff, and Mr. and Mrs. Jack Eckhart of Bristol.

Deadends

Deadends in English law formerly were personal belongings which, having been the direct cause of death of a person, were given to the crown for use as alms. Such requirement was abolished in 1816.

For '41—Finest We've Done!

More ROOM—
—from longer, broader bodies

More POWER—
—from stepped-up FIREBALL engines

More COMFORT—
—from softer, steadier ride

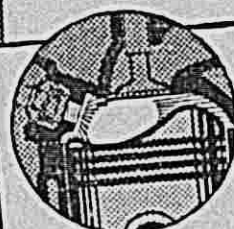

More VALUE—
—any way you measure it!

WITH this advertisement, Buick ushers in a brand-new automobile model year.

1940 production is history—recording the greatest manufacturing and selling season our company has ever known.

You may be sure we grimly realized we had to accomplish things in our new cars for 1941 that we could count on to continue our advance.

So we've taken our greatest all-time car and steadily and carefully brought it forward to a perfection of action, ease, goodness beyond anything ever offered under our name.

THE FIREBALL DOES IT!

Modern gasolines have high octane ratings to permit higher compressions without "ping." Note how this piston, which can be used only in valve-in-head engines, rolls the fuel charge into the shape of a flattened ball that centers around the new, smaller, racing-car type spark plug. Fired at its very heart, this more highly compressed fuel lets go with such full-forced, "ping-free" wallop that any gasoline of 75 octane rating (now available at standard-fuel prices) may be used in the 115-hp. engine. Any fuel of 80 octane rating serves in the 125- and 165-hp. engines.

Every car in all five series of the whole new line deserves unused fresh-minted language.

Stylewise, their suave and dynamic beauty refreshes the faded eye as would sight of a hydrant in the desert.

They move and function like young wild things. They're all grace and poise and eagerness. They bring to driving and handling a keener pleasure and a new thrill.

Go see these superb new cars at your dealer's and ask especially about the new micropoise-balanced FIREBALL engines—the 1941 furtherance of Buick's Dynalash design and kingpin of all the features that make Buick the sensation of the new automobile year.

*According to the Encyclopaedia Britannica, a super motor which travels with a series of explosions like the shock waves of a great projectile is called a "FIREBALL."

ONLY CAR IN THE WORLD

WITH ALL THESE FEATURES

BUICK FIREBALL VALVE-IN-HEAD ENGINES—115, 125 and 165 horsepower.

MICROPOISE BALANCING AFTER ASSEMBLY

COIL SPRINGS ALL AROUND—no lubrication, no spring covers.

"MASS-STREAM" BODIES, with concealed running boards

COMPOUND CARBURETION—30-mil economy at 50-mil speed.

PERMI-FIRM STEERING—for freedom from steering wheel play.

DUREX MAIN BEARINGS—practically indestructible in normal service.

FORE-AND-AFT DIRECTION SIGNAL with Automatic Cut-Off.

MASSIVE BUMPERS—with built-in front license frame.

PLUS: Full-Length Torque Tube in Sealed Chassis ★ Tiploc Hydraulic Brakes ★ One-Place "Lift-Off" Hood ★ Built-In Automatic Choke ★ Heavy-Duty Oil Bath Air Cleaners ★ Sealed Beam Headlights ★ Two-Tone Body Colors ★ Safety Plate Glass All Around

SOCIETY

Evelyn Overton is Wed in Los Angeles

Of considerable interest to Antioch residents is word from Los Angeles of the marriage of Miss Evelyn Overton, last Thursday.

Only close friends and immediate relatives were present at the ceremony in Brentwood Heights, West Los Angeles, in which she became the bride of Kenneth Cary, Boyer, Riverside, Calif.

Mrs. William Overton, the former Hazel Hawkins of Antioch, was matron of honor and William Overton attended the bridegroom.

The bride, wearing an ensemble in soldier blue with a corsage of orchids, was presented in marriage by Chris Laursen.

Flowers and candles for the wedding supper served immediately after the service were in pastel colors.

The former Miss Overton was graduated from Antioch High school, in the class of 1936.

The Bayers plan to make their home in Riverside, where the bridegroom is in business.

Miss Ames Completes Nearly Twenty Years' Work For Church

The request of Miss Ella Ames, who has served as financial secretary of the Antioch Methodist church for nearly 20 years, to be relieved of her duties in that capacity, was accepted with regret at a special session of the church's quarterly conference.

Mrs. Dorothy Runyard was elected on nomination of the pastor, the Rev. W. C. Henslee, to fill the office vacated by Miss Ames.

During her long period of service to the parish, Miss Ames has won high esteem from the parishioners and the clergymen serving the church for her devoted and efficient aid.

Trustees who were elected at the meeting to complete the church's official organization were W. C. Henslee, Roy Kufak, Ben R. Burke, C. F. Richards, S. E. Pollock, William Runyard, W. G. French, Mrs. Clara Westlake and Mrs. H. B. Gaston.

Twenty-three were present at the pot luck dinner held previous to the meeting.

LEGION AUXILIARY TO MEET FRIDAY

The Antioch American Legion auxiliary will hold a meeting Friday evening in the Legion hall.

P. T. A. ANNOUNCES BAKERY GOODS SALE

A sale of home baked goods will be held in the Antioch Packing House market on Main street Saturday, under the auspices of the Antioch Grade School Parent Teacher association.

GUILD TO SPONSOR CARD PARTY SEPT. 18

One of the first card parties of the fall season is that the St. Ignatius Ladies' Guild will sponsor in Guild hall Wednesday afternoon, Sept. 18, at 2 o'clock. Tickets for which a charge of 35 cents is being made, are obtainable from members.

H. S. 1940 CLASS STAGES "REUNION"

A supper and dancing were enjoyed by members of last June's graduating class of Antioch Township High school in a "reunion" held Monday evening in the gymnasium.

COLLECT FOOD FOR LAKE BLUFF ORPHANAGE

Canned goods and other staples are being collected by the Antioch Methodist Ladies' Aid society, it was made known at a meeting Wednesday afternoon in the home of Mrs. J. O. Austin. A social period was enjoyed after the business session.

George Maleck has returned from a business trip to Sault Ste. Marie. He plans to leave next week on an extended business trip to Florida.

Edward Knickelbein, Jr., Bluff lake, is leaving to enter Armour Institute of Technology in Chicago.

CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "The Spirit itself beareth witness with our spirit, that we are the children of God; and if children, then heirs; heirs of God, and joint-heirs with Christ" (Romans 8:16, 17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord" (II Corinthians 3:18).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is idea, the image of Love; he is not physique. He is the compound idea of God, including all right ideas; the general term for all that reflects God's image and likeness; the conscious identity of being as found in Science, in which man is the reflection of God, or Mind, and therefore eternal; that which has no separate mind from God; that which has not a single quality undervived from Deity; that which possesses no life, intelligence, nor creative power of his own, but reflects spiritually all that belongs to his Maker" (p. 475).

METHODIST CHURCH NOTES

Warren C. Henslee, Pastor Church School—9:45 A. M. Worship Service—11:00 A. M. Choir rehearsal every Wednesday at 7:30 o'clock P. M.

Official Board Meeting the second Wednesday of every month. Ladies' Aid business meeting first Wednesday of every month at 2 P. M. Friendship Circle business meeting first Thursday of every month at 8 P. M.

Communion Sunday At the morning service next Sunday, Sept. 15, 1940, the Sacrament of the Lord's Supper will be held at the Methodist church in Antioch. This is the first of these services of the fall season and the last before the close of the conference year. All are invited regardless of creed or church affiliation.

W. C. Henslee, Minister.

Regular Services Sunday

Sunday school and all other services of Antioch Methodist church will meet at the regular hours next Sunday. Potluck supper and business meeting Wednesday evening, Sept. 11 at 6:30.

W. C. Henslee, Pastor.

St. Peter's Catholic Church

Antioch, Illinois Rev. F. M. Flaherty, Pastor Telephone Antioch 274 Sunday Masses at 7, 8, 9, 10, 11, and 12 daylight saving time, in church; also 10:15 and 11:15 in church hall. Week-day masses—7:30 A. M., daylight saving time.

St. Ignatius' Episcopal Church

The Rev. J. E. Charles 11:00 A. M. Morning Prayer and Sermon. 7:30 A. M. Holy Communion Monday, September 9, at 8:00 P. M. We cordially invite you to worship with us.

A farewell party, in the form of a handkerchief shower for Mrs. Peter Peterson, who is leaving to make her home in Waukegan with Mrs. Raymond McCarthy, was given by Mrs. Samuel Ries and Mrs. Jacob Van Patten at the Ries home Monday evening.

Winners at bingo were Mrs. John Palmer, Mrs. Robert Carey and Mrs. Van Patten.

James A. Owen of Wilmot, 82, Dies

James Andrew Owen, 82, son of the pioneer Wilmot settlers, E. J. and Caroline Owen, died Tuesday afternoon at 4 o'clock after a short illness.

He was born in Wilmot March 5, 1858, and was a lifetime resident of the community. On Jan. 28, 1891, he was united in marriage with Catherine Gardner of Wilmot, who survives him. Also surviving are a sister, Mrs. Verna DeLong, of Racine, and several nieces and nephews.

Owen was a member of the A. F. and A. M. and the order of the Eastern Star. Funeral services will be held at the residence Friday afternoon at 2 o'clock, with the Rev. Atwater of Salem officiating, and burial will be in Wilmot cemetery.

Personals

Mrs. Alonzo Runyard and Mrs. E. C. Pitman of Antioch, Mrs. A. Watson and Mrs. S. Smith of Waukegan spent a few days last week visiting their sister and family, the E. L. Kemps of Champaign, Ill.

Mrs. A. T. Leon of New Rochelle, N. Y., is spending a few weeks with her sister, Mrs. F. B. Christman, Cross Lake.

Act now—Awnings, window shades, linoleum, Venetian blinds, wallpaper, paints drastically reduced during August. Pitts Paint Store, 2322 Roosevelt Road, Kenosha, phone 4632.

Mrs. Joseph Verlinde left for her home in Olmstead Falls, O., after visiting her sister, Mrs. Emily Van Patten, for two weeks.

Dr. C. C. Corbus and George A. Padlock of Evanston were guests at the C. K. Anderson home on Lake Catherine Sunday. Padlock is the Republican nominee for representative in congress from the Tenth district.

Mr. and Mrs. Gus Mantis, proprietors of the Antioch cafe, and Mrs. Lappas of Chicago are vacationing in northern Wisconsin.

NEW FALL SWEATERS—Men's \$1.95 to \$3.75; women's, \$1.00 to \$2.95; children's, \$1.00 to \$1.50. Williams' Dept. Store, Antioch.

Herman Holbek, lieutenant of the Antioch rescue squad, finds first aid cases landing right at his doorstep these days. Little Betsey Messager, nine, was the latest, suffering an injured elbow in a fall from her bicycle in front of Holbek's 5 and 10 cent store Monday. She was conveyed to the Messager family doctor by Holbek.

Mr. and Mrs. Herman Holbek left Tuesday on a several days' vacation motor trip.

NEW FALL SWEATERS—Men's \$1.95 to \$3.75; women's, \$1.00 to \$2.95; children's, \$1.00 to \$1.50. Williams' Dept. Store, Antioch.

Births

Mr. and Mrs. Donald Gibbs are the parents of a daughter, "Donna Marie," born at the Woodstock hospital, Sept. 11th. Mrs. Gibbs is the daughter of Mr. and Mrs. William Musch of Antioch.

Mr. and Mrs. Robert Runyard are the parents of a daughter born at Victory Memorial hospital Sept. 10.

A son was born to Mr. and Mrs. LeRoy F. Tillotson of Round Lake at St. Theresa hospital Sept. 10.

Mr. and Mrs. Edwin Hucker are the parents of a nine pound boy born Sept. 6.

NEW FALL SWEATERS—Men's \$1.95 to \$3.75; women's, \$1.00 to \$2.95; children's, \$1.00 to \$1.50. Williams' Dept. Store, Antioch.

"Health, Happiness" Figure in Antioch P. T. A.'s Program

Plans for Coming Year Are Outlined at Opening Meeting

"Creating Attitudes and Opening Avenues to Happiness" was adopted as its general slogan by the Antioch Grade School Parent Teacher Association in its first meeting of the year, Monday evening.

A series of meetings is to be dedicated to the following principles: 1. Mental Hygiene; 2. Democracy; (promotion of patriotism); 3. Better Usage of Leisure Time; 4. Home Making; 5. Art for Children; 6. Development of Thrift Among Children.

Authorities on the various subjects will preside over or serve as speakers at the various gatherings. Teachers from the grade schools, who are fitted by education to talk on the subject, will present a program on the mastering of common skills by children.

The organization also arranged for an extensive health program which will include the vaccination of children against smallpox; Schick tests; diphtheria inoculation; summer round-up, tests of health of younger children; physical examination of fourth grade pupils both at beginning of year and at end of first five months; dental examinations for all children; purchase of a playground slide for small children; and milk for children of less fortunate families.

Name Committees Standing committees of the organization were appointed. They include:

Program—Mrs. Arthur Trieger, chairman; Mrs. David Deering, R. E. Clabaugh.

Budget and Finance—Mrs. Harry Radtke, chairman; Mrs. Earl Pitman, Mrs. Reuben Childers.

Membership or Room Mothers—Mrs. John Fields, chairman; Mrs. Robert Wilton, 1st grade; Mrs. Frank Harden, 2nd grade; Mrs. Roman Vos, 3rd grade; Mrs. Sam Ries, 4th grade; Mrs. Amos Bratrud, 5th grade; Mrs. Harold Ellis, 6th grade; Mrs. Harry Radtke, 7th grade; Mrs. Irving Elms, 8th grade.

Legislation—Mrs. Amos Bratrud, Publicity—Mrs. John Gaa, chairman; Mrs. Howard Gaston, Mrs. Fern Lux. Hospitality—Mrs. Elmer Hunter,

chairman; Mrs. Dudley Kennedy, Miss Aileen Wilson. Parent-Teacher Magazine—Mrs. Virgil Fetter, chairman; Mrs. Melvin Stillson, Mrs. Carl Baruchel. Student Aid or Welfare—Mrs. Lester Nelson, chairman; Mrs. Einar Perser.

1941 Highlights

The program for the year will be, in detail, as follows:

October 14—

Topic—Mental Hygiene

Speaker: To be announced.

November 11—

Topic—The Democratic Ideal

Speaker: Three representatives from "The Chicago Round Table of Christians and Jews"

Topic: "The Price of Democracy Is Going Up."

December 9—

Topic: Leisure Time

Speakers: Representatives of local leisure time organization.

January 13—

Topic: Homemaking

Speaker: Mrs. William Fulton of Waukegan.

February 10—

Topic: Mastery of the Common Skills

Speakers: Teachers of the Antioch Grade School.

March 10—

Topic: How to Develop Thrift in Children

Speakers: A panel of parents and teachers.

April 14—

Topic: Art in Everyday Life

Speaker: Elizabeth Wells Robertson, Director of Art, Chicago Public Schools.

May 12—

Social Meeting

Installation of Officers

In the absence of the president, Mrs. Joseph Patrovsky, who is on a vacation, Mrs. Arthur Trieger, vice-president, presided. Other officers of the association are Miss Marion Johnson, secretary; Mr. John Gaa, treasurer, and Mrs. Lester Nelson, historian.

Mrs. Roman Vos and Mrs. Irving Elms were elected delegates to the Lake County P. T. A. council and Mrs. James McMillen and Mrs. Roy Kufak alternates.

The "room count" of parents present was won by the seventh grade.

A musical program presented included a saxophone solo by Jean Radtke; a piano solo by Doris Burdick and a song, "Home on the Range," by Dolores Story.

Mrs. George Garland is chairman for a bakery sale the P. T. A. will sponsor Saturday.

Picture Is Taken from Chapel at Camp Lake

Whether it is a case of a "meanest thief" or merely a borrower is not yet known, but officials of the Salvation Army camp at Camp Lake, Wis., are distressed over the mysterious disappearance of a large picture from the chapel some time between Saturday morning and Sunday afternoon.

The picture, a pastel crayon portrait of a head of Christ, did not belong to the camp but was owned by Miss Frances Mastromianni of Chicago, who is employed there.

Because of its religious nature, and its size, 45 by 35 inches, authorities are puzzled as to what motive could have inspired anyone to take it, and also as to the manner in which it could have been taken out of the chapel.

Meanwhile, Miss Mastromianni asks that, in case the picture was merely unwittingly borrowed without proper notification, it be returned to her or some information offered as to where it is now.

NEW FALL SWEATERS—Men's \$1.95 to \$3.75; women's, \$1.00 to \$2.95; children's, \$1.00 to \$1.50. Williams' Dept. Store, Antioch.

Continual Daily Supply

THERE IS RECORDED in Exodus a most remarkable manifestation of daily supply (Exodus 16:4, 15): "Then said the Lord unto Moses, Behold, I will rain bread from heaven for you; and the people shall go out and gather a certain rate every day, that I may prove them, whether they will walk in my law, or no. . . . And when the children of Israel saw it, they said one to another, It is manna; for they wist not what it was. And Moses said unto them, This is the bread which the Lord hath given you to eat."

What is termed social security engages much time and thought today; particularly is this so among those who place their entire dependence upon material means. Apparent conditions of insecurity, lack, or poverty are prevalent among many classes of people, because men have not yet generally learned that the source of security, supply—of all good—is Mind, God, not matter.

Ways and means have been sought to secure for humanity some sort of daily supply. Mainly these efforts have been along material lines. . . .

Looking to matter as the source of supply, mankind is often disappointed and perplexed. . . .

When one turns to God for help in time of need, as did Moses, one turns to the ultimate source of all good. Jesus taught absolute reliance upon God. . . .

God's law of ever-available supply knows no past, and no future; it is operative now and forever. Scientifically to understand this fact frees one from anxious thought about tomorrow, and gives one a clear sense that all good, all supply, all health—the fullness of harmony—are now. In "Unity of Good," Mary Baker Eddy states (p. 41), "The sweet and sacred sense of the permanence of man's unity with his Maker can illumine our present being with a continual presence and power of good, opening wide

the portal from death into Life; and when this Life shall appear 'we shall be like Him,' and we shall go to the Father, not through death, but through Life; not through error, but through Truth."

The continuity of good is the spiritual fact of which we can become conscious here and now. Since the source of all good is infinite Spirit, good itself is spiritual and infinite, to be realized in proportion to the individual's understanding of spiritual realities.

The continual daily supply of good flowing from divine Love to each one knows no limitation, no cessation, no interference, and no obstruction to its clear expression. It includes and embodies the full fruition of hope, understanding, confidence, and expectancy of good.

The individual discernment of this truth is requisite to its attainment or demonstration. St. Paul recognized this fact when he said in his second letter to the Corinthians (9:8), "God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work."

One's continual daily supply of good comes naturally and spontaneously, as one places his entire dependence upon divine Love. It is not subject to material conditions, neither is it in any way limited or restricted. It comes, as did the manna in the wilderness, through the operation of the law of infinite good, through which also the loaves and fishes were multiplied. This ever-present, continuous supply is the divinely natural manifestation of God's loving care for His children, and is exemplified in daily experience, proving conclusively that active faith combines with right activity of thought, deed, and purpose, in the unfolding of the good which God has abundantly prepared for all His children.

—The Christian Science Monitor.

Card of Thanks

My thanks to the Antioch Fire department for extinguishing the roof fire at our home Thursday. Their prompt work prevented what might have been a very costly fire.

THE ANTIOCH NEWS, ANTIOCH, ILLINOIS

Yesterdays

40 YEARS AGO
In the Antioch News
Sept. 13, 1900

From the Grayslake locals—Station Agent W. B. Higley's student, O. Barber, has accepted a responsible position in the tower house at Des-Plaines, having 14 levers to operate besides the telegraphing.

Farmers are busy harvesting their corn.

Mrs. C. E. Kelley was honored with a surprise party planned by her sister, Libbie King, and presented a very handsome parlor lamp and a salad dish.

A barn on the property of the late William Burke burned to the ground Sunday afternoon.

Maude Brogan started for Kenosha Monday to attend the fall and winter term of the College of Commerce.

27 YEARS AGO
Sept. 11, 1913

The local "school mams" began their duties in respective places this week. Miss Belle Hughes as Grass Lake, Miss Mary Tiffany at the Grimm school, Miss Pauline Smart at Channel Lake, Mrs. Delia Sherwood at Prairie View and Miss Deedie Tiffany at the Sterns' school. Miss Hester Beebe will have charge of the Johnson school but will not begin until the completion of repairs on the school house which are now under way, and Miss Mary Paddock will open the Bean Hill school next Monday.

Fifteen thousand Japanese gathered in Hibiya Park, Tokyo, in a mass meeting calling for military action against China for the assassination of Morihiro Abe, director of the political bureau of the Japanese foreign office.

14 YEARS AGO
Sept. 16, 1926

Mr. and Mrs. Harry Messing are the proud parents of a son, born on Wednesday morning, Sept. 9. The baby has been named John Henry, Jr.

R. T. Bufton of Silver Lake is secretary and William Luke president of the West Kenosha County Fair association which will hold its exhibits Sept. 23 and 24.

Doris, four-year-old daughter of Mr. and Mrs. Wray Sheen, was badly shaken up when she was struck by a passing automobile Monday of last week.

Sixty-four years ago Sept. 10 the first passenger train passed on the North Western between Kenosha and Harvard. (Editor's note—this r. r. line was discontinued during the past year, after 77 years of service.)

One hundred and eighty-two children registered at the Antioch Grade school last Tuesday.

Diphtheria

Diphtheria not only attacks the throat, but it may appear in any part of the body infected with the germ, such as the eyes and nose, or a wound.

But 5 Lbs. Fish

In a contest in Eastbourne, England, 200 anglers fished all day and caught a total of only five pounds of fish.

Common Pins

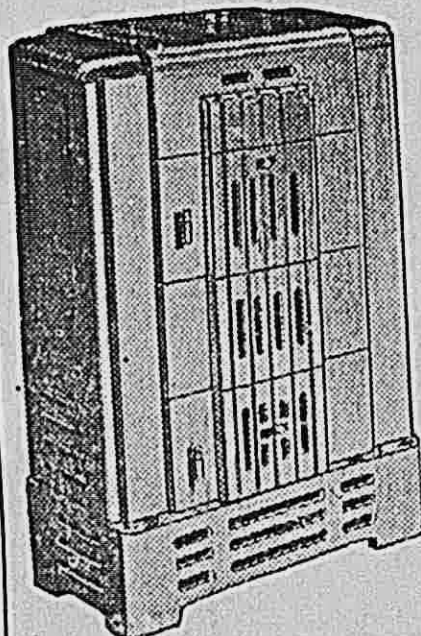

The first American pins were made in Rhode Island during the Revolutionary war, by Jeremiah Wilkinson.

Didn't Shoot Apple

William Tell never shot an apple from the head of his son and the Swiss Confederation was not founded by him.

WHAT'S A
DEMOCRACY?

FOUNDING FATHERS,
DECLARING INDEPENDENCE,
WROTE, "LIFE, LIBERTY, AND THE
PURSUIT OF HAPPINESS."

ABRAHAM LINCOLN SAID—
"THIS COUNTRY, WITH ITS
INSTITUTIONS, BELONGS TO
THE PEOPLE WHO INHABIT IT."

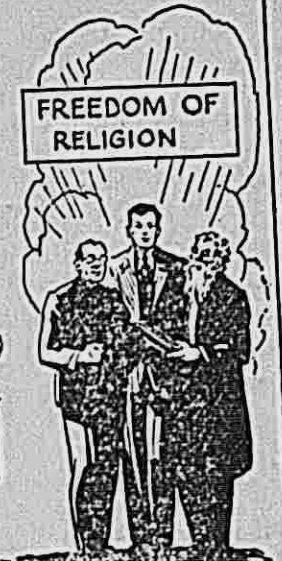

DEVOTION TO DEMOCRATIC IDEALS HAS MADE U.S.
GREATEST NATION—IT OFFERS

FREEDOM TO WORK
AS WE PLEASE.

FREEDOM OF
THE PRESS.

FREEDOM OF SPEECH

Suspend County T. B. Clinics for September

Clinics of the Lake County Tuberculosis association will be suspended during the remainder of September, to give Miss Orpha White, nurse for the association, a vacation. However, the association's office in Waukegan will not be closed, and inquiries or requests may be made by telephoning Majestic 1805.

During the first six months of 1940, Miss White reported at an executive committee meeting Sept. 4, the association sponsored 47 clinics at which a total of 758 were in attendance. This included 277 new patients and 481 re-examinations. There were 254 tuberculin tests given, and 250 X-ray pictures were taken.

Under the sponsorship of the association 752 visits were made, including 340 to homes of patients, 173 business visits, 74 conferences with board members, 52 visits to physicians regarding welfare of patients, 52 to members of the county board of supervisors and 92 others.

Health education work included 15 talks before P. T. A.'s, schools and clubs.

The following note sent to the News by the nurse of the association will be of interest to Antioch readers:

(Dear Editor: I hope you visited the booth of the Lake County Tuberculosis Association at the Lake County Fair in Antioch last week. I enjoyed the three days at the Fair and being in our booth, and sincerely hope that we may have the same privilege next year as I am sure our display added much in educating the people about our work in Lake County. We had a questionnaire which several answered, and we noticed that those who said they lived in Antioch where you have had tuberculin testing, pictures in your schools, and also in your theaters, rated high in their answers.)
Orpha L. White.

None Were Burned

Nineteen persons were hanged but not one was burned in the outbreak of the anti-witch fanaticism of 1691-92 at Salem, Mass.

Just a Fable

The story of George Washington cutting down the cherry tree was a fairy tale invented by his biographer, Mason Weems.

Thirteen Unlucky

Rossini, the composer, wrote the "Barber of Seville" in 13 days and regarded that number as unlucky thereafter.

Not Dignified

Louis XVI screamed for help and struggled with his executioner and was not the pink of dignified propriety as history records.

Sappho Respectable

Sappho was a matron of the highest character and the mother of a large family and not the vampire history pictures her.

Shaker Clogging

A few grains of rice in the salt shaker helps prevent clogging.

ACES BEAT LAKE GENEVA, 9 TO 5

Madsen Pitches Six More
Hitless Innings; Play
Wilmot Sunday

In a game featured by the pitching of Bob Madsen who was on the mound for six hitless innings, the Antioch Aces defeated Lake Geneva here Sunday, 9 to 5. Madsen pitched a no hit game against the Harvard team the previous Sunday, and his six inning stretch against Lake Geneva makes 15 consecutive hitless innings for the Antioch pitcher.

Jack Effinger and Maynard Schneider played in the All-Star game at Petrifying Springs when the champion New Munster team was defeated 9 to 1. Both got 2 hits.

The Aces will play a double header with Wilmot Sunday at Fox River park, the first game starting at 1:30 o'clock.

WILMOT

An informal party was held at the home of Mr. George Higgins Thursday evening as a farewell to Rev. and Mrs. Kistler and family. Rev. Kistler has been transferred to Elkhorn where he will have charge of the Methodist church. Conversation and the serving of a lunch occupied the evening and a gift was presented the Kistler family.

Mrs. Edith Rudolph and son Bobbie are guests this week end of Mr. and Mrs. Charles Olsen at Fort Atkinson.

Mr. and Mrs. Wayne Tilton announce the birth of a daughter, Donna Rae, on Thursday, September 5.

Warren Kanis has returned from a two and a half month stay with Mr. and Mrs. William Heedegaard at Cloquet, Minn.

Hans Guttormsen, Mr. Strum, Mr. Jos. Kerkman, Allan Turner, Louis Hammond of the Kenosha County Highway Commission were in Randall and Salem townships Friday looking over road conditions.

An enclosed porch has been built on the west of the Holy Name parsonage.

Rev. J. Finan returned from Milwaukee on Thursday. He was called to Milwaukee on Sunday by the death of his sister, Miss Ellen Finan. Burial Services were held at St. John's Cathedral on Wednesday.

Mr. and Mrs. Wm. Richter Mrs. Warren Sarbacher, Silver Lake, Mrs. James Carey and Anna Marie, Twin Lakes, Mrs. Arthur Gegan, Silver Lake, Rose Yanny, Grace and Ermine Carey, Wilmet attended the funeral services for Miss Ellen Finan in Milwaukee on Wednesday.

Mrs. Leland Hegeman is ill and under the care of a physician.

Mr. and Mrs. Kenneth Long are moving their trailer home to the lot they recently purchased from Mr. and Mrs. James Owen.

Margaret Schenning was the guest of Burlington friends over the weekend.

Mrs. Ferdinand Beck is ill and has been under the care of a physician since Tuesday.

Elmer Farnsworth, Salem, is caring for James Owen who has been ill.

Mr. and Mrs. Edward Nichols, Chicago, and Mr. and Mrs. E. Doberstein and family of Ringwood, called Sunday on Mr. and Mrs. Charles Kanis. Sunday guests of the Pangel family were Mrs. Charles Pella and Son Milton of Burlington and Mr. and Mrs. Albert Bisock of Bristol.

Mr. and Mrs. Don Herrick and son Milton were out for the week-end from Chicago.

Mrs. Ray Ferry Zion called Sunday on her parents, Mr. and Mrs. T. C. Loftus.

Miss Bessie Gardiner, Los Angeles, Cal., Mrs. Flora Westlake, Camp Lake, and Mrs. D. Pribnow of Milwaukee spent Monday with Mrs. James Owen.

Sunday guests of Mrs. Edith Faulkner included Mr. and Mrs. Basil Medley, Milwaukee; Mr. and Mrs. G. A. Fanslau, Chicago; and the Misses Carrie Lampe and Gloria Macher, both of Kenosha.

Mr. and Mrs. E. Goelzer and sons, Henry and Dick, Mr. and Mrs. H. Moebius all of Milwaukee were out for the day Sunday with Mr. and Mrs. M. Schurr.

Joyce Wertz entertained the pupils of the upper grade room of the Wilmet school and the Misses Margaret Cartwright and Marion Rhodes at a marsh-mallow and Weiner roast on Friday evening.

Mr. and Mrs. Lloyd Voss visited with the latter's parents, Mr. and Mrs. James Bulfinch at Pleasant Prairie on Sunday.

Mr. and Mrs. Edward Boulden and Florence and Mrs. Sophie Christensen of Edison Park spent Sunday with Mr. and Mrs. Paul Gagnier.

Mr. and Mrs. G. W. Lewis, Eugene Wilber and Charles Jackson of Milwaukee spent Sunday with Mr. and Mrs. Frank Burroughs.

There will be Sunday School at 8:45; English worship at 9:30 and German worship at 10:45 at the Peace Evangelical Lutheran church on Sunday morning. In the afternoon the pastor, Rev. R. P. Otto, will preach at a mission festival at St. Mathews Lutheran church at Des Plaines, Ill. Sunday afternoon the Rev. Otto and many members of the local congregation attended a Mission Festival at Slades Corners.

Mr. and Mrs. H. Frank and children and John Frank called Sunday at the home of Mr. and Mrs. Frank Zarnstorff at Richmond.

Mr. and Mrs. Alex Schubert and children and Mr. and Mrs. Fred Albrecht and Grampa Albrecht were dinner guests Sunday of Mr. and Mrs. Chas. Clark at Richmond.

Mr. and Mrs. F. Beck expect to leave this week for their cottage in Northern Wisconsin.

Union Free High School
205 students are enrolled this year in the courses offered at the Union Free High school and 55 children in the Wilmet Graded school.

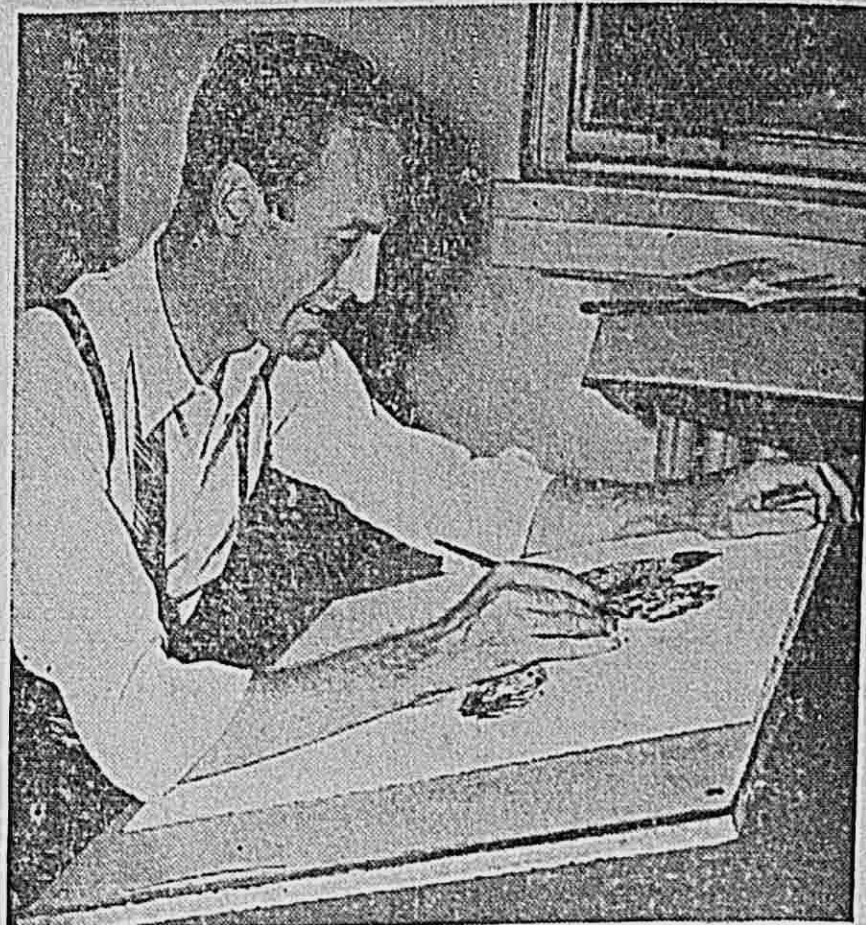

The program offered in the High school is especially broad and comprehensive this year, answering all requirements for high school students.

25 answered the call for foot ball practice under coach Mannie Frey. The first game will be played here on Sept. 20 against East Troy.

Limited Trains
In the old days crack trains had a limited number of cars. The name has stuck and today crack trains have just as many cars as an ordinary one.

Very Generous
"No man who attaches great importance to his opinions," said Hi Ho, the sage of Chinatown, "seems to value them so highly as to be ungenerous in their distribution."

Famous Artist of "Our Democracy" Cartoons

Hubert J. Mathieu ("Mat")

Hubert J. Mathieu, who draws the "Our Democracy" cartoon series, has been nationally known for years as an illustrator of stories and serials in such magazines as the Saturday Evening Post, Colliers, Ladies Home Journal, McCall's, Cosmopolitan.

Mr. Mathieu's first paid job was as a farm hand, and he owns and lives on a farm today. Born in Brookings, S. D., the son of the late Hubert B. Mathieu, dean of South Dakota State College at Brookings, the artist worked as a boy on nearby farms. He graduated from South Dakota State College in 1919. In his years of success he has gone back to the land. He owns and lives on 150 acres in Bucks County, Pa. The farm

which this year has 20 acres in corn, 20 in wheat and 15 in oats, as well as hay and truck, is operated for Mr. Mathieu by his nearest neighbor, on shares. Mr. Mathieu says the farm pays both him and the neighbor.

The series of cartoons "Our Democracy" scheduled to appear weekly in this paper, Mr. Mathieu draws partly on his farm and partly in a studio he rents in New York, where the photograph above was taken.

Mr. Mathieu is of American Revolutionary stock, of French, Dutch and English ancestry. He is married and has four children.

His uncle, Oscar Mathieu, is senior agronomist of the U. S. Department of Agriculture, at Washington.

OUR DEMOCRACY—by Mat

U. S. Provides Jobs
In the five years that WPA has been in existence, it has given jobs to more than 7,500,000 persons. The government has spent around \$8,000,000, mostly for wages, to provide these jobs.

Auto on Railroad Wheels
An automobile mounted on railroad wheels and drawing a trailer carried mail, express and passengers for several years between Albany, Ga., and Boston, Ga., on the Georgia Northern railroad.

Pupils Happy
Spring high school, seven miles northwest of Longview, Texas, was closed because pupils could not hear the voices of teachers above the din of drilling machinery at eight nearby oil wells.

Overheating Cheese
Overheating toughens the protein of cheese and makes it stringy. In blending cheese with other ingredients, therefore, melt it at a low temperature and avoid "cooking" it.

Siege of Troy
The siege of Troy is a myth and according to Homer's own account, Helen of Troy must have been 60 years old when Paris fell in love with her.

More Women
Washington, D. C., has a higher ratio of females to males than any of the 48 states.

Plus Fours
The standard length of the inseam seam on knickerbocker trousers had always been 20 inches until British tailors added four inches to the seam for the sake of comfort. Then they became known as "plus-fours."

Demosthenes
Demosthenes' most famous oration was "De Corona," delivered in 330 B. C. as a reply to the famous speech of Aeschines against Ctesiphon.

Juror Crochets
Mrs. Frank A. Vreeland of Hartsdale, N. Y., recently received permission to crochet a dolly while serving as a juror in a murder trial.

Oxfords in Oxford
Oxfords or low shoes undoubtedly received that name because this footwear was first made and worn in Oxford, England, during the Seventeenth century.

Arctic Recedes
The Arctic is creeping farther north in Siberia, records compiled recently showing that in a century the zone of subsoil frozen in all seasons has in places receded 40 miles.

Russia Military Force
Russia has an active military force of 840,000. There are 18,000,000 trained reserve men. The military force of Russia is 11.4 per cent of the population.

McNARY OFFERS SOUND PROGRESSIVE IDEAS

Senator Charles L. McNary, the Republican nominee for Vice President, demonstrated in his Acceptance Speech that he remains a symbol of the pioneering West, believing in progressive but sound ideas of government.

The Oregonian gave the New Deal credit for trying—but, as he pointed out so forcefully, it has failed to achieve its objectives because of a lack of capacity to govern and because of its "political and economic heresies which have deflected us from our course."

Speaking of the farm problem, Senator McNary asserted that "the prosperity of agriculture should be the first charge on the attention of any administration." Those who have followed his career as a battler for the farmer during the last 23 years in the Senate know that Charles McNary speaks with sincerity on that subject.

"The New Deal has administered the farm problem for more than seven years," Senator McNary asserted. "What is the present state of the American farmer, who, with his dependents, makes up a quarter of our population? In the year 1939 his share of the national income was the lowest since statistics have been kept."

Senator McNary strongly advocates preserving the American market for the American farmer, believing it is "far and away the greatest market" and the "only one we can hope to control."

Indirect Taxes

The Northwestern National Life Insurance Company finds that families with a monthly income of \$80 pay an average of \$116.04 a year in indirect or so-called hidden taxes. This is about 12 per cent of the average income. Who said only the big fellows pay taxes?

Charley Horse

A Southern ballpark owner used a spavined nag, named "Charley," to drag a sprinkler around the dusty infield of the diamond. Each step Charley took was an agonizing one which made him pause. A ball player had a torn leg muscle which caused him to limp. Recalling Charley's pace, a bleacher fan called out "Charley Horse"—a nickname generally applied now.

Serving Eggs

Eggs can be served by boiling, scrambling, poaching, frying and shirring. These are mere beginnings. Whether people care to believe it or not, there are 742,367 ways in which to serve eggs—at any rate, that's the figure claimed by Christine Carlson, nutrition expert of Ohio State university.

As Crow Flies

"As the crow flies," is proved wrong by American air pilots. They have been keeping the crow under observation and find he does not take the shortest way. The crow is really a very erratic flyer who cannot keep in the same direction for more than a minute at a time.

Puzzle No. 24 Solved

**WENDELL
WILLKIE
Says:**

"Maybe it is all right for the politicians to assume that an order

"On Order" for a rifle is the same thing as a rifle. But a doughboy has never been known to make that mistake."

NEED INSTRUCTIONS

President Roosevelt Should Tell Mayor Hague to Obey Law.

President Roosevelt talks a great deal about keeping bright the fires of democracy. But in Jersey City his henchman, Mayor Frank Hague, Vice Chairman of the Democratic National Committee and ardent third term supporter, thwarts the workings of democracy by refusing to install voting machines as directed by the State Legislature. What does Mr. Roosevelt say about that? Nothing.

All Promise, No Performance

Including his campaign pledges, President Roosevelt has promised to balance the budget no less than eleven times. During the seven years of his Administration, however, Mr. Roosevelt has never balanced the Federal budget. The average annual deficit for these seven years has been \$3,237,400,000.

Pin Machine

The first pin-making machine was invented in the United States in 1817.

"GUESS AGAIN" ANSWERS

HUNDREDS NOW IN USE!

ECONOMICAL, NEW, AUTOMATIC GAS HOUSE-HEATER

Does away with fall and spring furnace fire-building

Tetter-totter temperatures

BEFORE

Chilly fall days call for a fire—so down to the basement you go with paper and kindling—ready to heap on fuel.

Whoops . . . hot weather again. And there you are with a blazing furnace fire. Well, nothing to do but let the fire burn itself out.

What! Yes, now that the furnace is out, the weather turns cool again. So down you go once more to start up the fire. This can go on for days.

Uniform temperature

AFTER

A crisp fall day—so what do you do? Well, it takes but a minute to install this portable unit. Just fit it in the furnace door and let it provide clean, even, healthful heat.

Now the weather gets warm again. Okay—you'll not waste fuel, for the thermostat control has turned off the heat automatically—kept the house from becoming too warm.

The paper forecasts "cold to-night". Don't worry—the gas heater turns on automatically when the weather changes. No work, no worry, and uniform temperatures always!

Provides uniform, automatic heat for more than half the heating season

The story of how this amazing unit operates is told in the pictures above. But here are a few more points you'll want to know about: It's light weight . . . (weighs only 12 pounds). You can attach or remove it with ease . . . no nuts, bolts or wrenches required—no pipes to disconnect. It's economical—(1) operates only when necessary; (2) takes a special low gas house-heating rate; (3) can be used as little or as much as you want. It does not interfere with your regular winter furnace operation, nor does it require any alterations to the furnace grates or fire-box.

Now, before changeable fall weather arrives get full particulars about this economical new unit. Write or phone . . .

101 West Campbell St. - Arlington Heights, Illinois
Telephone Enterprise 4100

ONLY \$49.50 ready for use including automatic thermostat control.

ONLY \$1.50 DOWN balance payable in 12 months or less. No interest charged. Get yours today!

PUBLIC SERVICE COMPANY of NORTHERN ILLINOIS

Lump in Throat

When a person eats something it passes into the throat after being chewed. But instead of just dropping down into the stomach, there is a nine or ten-inch series of rings in the throat that takes the food, passing and squeezing it from one set of muscle rings to the other. These muscle rings are capable of working both up and down. Thus, if something is eaten which causes sickening, the muscles work the other way to force the matter from the stomach. Grief or a scare sometimes causes a sort of hollow feeling in the stomach and the muscles of the throat work upward, pressing against the windpipe. This causes one to feel as if there were a lump in his throat.

Milker's Nodules

Dr. Frederick T. Becker of Duluth, Minn., reported studies of four cases of milker's nodules, an occupational disease of persons who milk cows. He determined that the disease, which consisted of small swellings on the hands, came from sores on the cows' udders. He further found that the germ concerned was not cowpox, bovine form of smallpox, that the nodules were easily cured in four to six weeks and produced only slight pain and mild itching, and that one attack immunized the milker against the disease.

Mashed Potatoes

For whiter mashed potatoes or boiled rice, add a pinch of cream of tartar to the cooking water.

CLASSIFIED ADS

The Cost Is Small The Result Is Surprising

These prices are for ads of five lines or less. Additional lines the five cents each.

One insertion of ad paid in advance 25

Stupendous Collision

Prof. Harlow Shapley, director of the Harvard university observatory, has discovered evidence of a stupendous collision of two island universes hundreds of millions of years ago. Each universe was composed of billions of stars. Dr. Shapley bases his conclusions on telescopic observation of a "cosmic dent" in a star system known as the smaller Magellanic Cloud.

Maybe it would help but you really don't have to rack, ransack, beat or cudgel your brains to pass this little test. All you need to do is indicate choice of answer to each question in space provided, check answers, tally score for rating.

(1) If your wife is taciturn you're lucky because she is: (a) habitually silent, (b) a good cook, (c) easy on your purse, (d) visiting her mother. ☐

(2) The term "Blue Law" refers to statutes regulating: (a) airplane flights over cities, (b) theater performances and sporting events on Sunday, (c) soot and smoke escape in industrial cities. ☐

(3) Indicated by the question mark and nestled twixt, France, Germany and Belgium is the tiny country of: (a) Andorra, (b) San Merno, (c) Luxembourg, (d) Chile. ☐

(4) Generally credited with the invention of spectacles is: (a) Thomas Edison, (b) Voltaire, (c) Roger Bacon, (d) Dr. G. ☐

(5) Hearing someone speak of a "nave" you know they refer to: (a) tricky rascal, (b) central part of a church, (c) small navy, (d) eve of Jewish Passover. ☐

(6) Mark this statement true or false: "In U. S. history two presidential candidates received more popular votes than their opponents but lost in electoral college voting." ☐

(7) Ontario hasn't, but one of these Great Lakes has the largest area: (a) Superior, (b) Michigan, (c) Huron, (d) Erie. ☐

Reopen Mine

The old Lone Star mine—one of the nation's richest zinc producers in World war days—is being reopened. For several years the mine has been idle because the demand for zinc did not justify its operation and the ore mill was allowed to collapse.

Lady Plumbers

According to the National Association of Master Plumbers, there are lady plumbers in at least nine states.

MICKIE SAYS—

"GUESS AGAIN" ANSWERS

1. You ARE lucky. (a) 15 pts.
2. (b) 10 pts.
3. (c) for 20 more
4. Toughie, 25 for guessing (c)
5. 10 pts. for (b)
6. True, 10 honest points
7. A Superior 10 for (a)
YOUR RATING: 100, my you're smart; 90, you're smart; 80, smart; 70, my!

Tally Score Here

Mrs. Mary Miller, 74, Passes Away

Mourning by the many friends she made during the past 19 years as a resident of Antioch township, Mrs. Mary Miller was laid to rest in Liberty cemetery yesterday afternoon following services held at 2 o'clock in the Strang Funeral home. The Rev. S. E. Pollock officiated.

Mrs. Miller died at her home in the township Monday. She was born in Hazelburg, Germany, in 1888. Survivors include her husband, Charles; two daughters, Mrs. Arthur Hawkins of Antioch and Mrs. Mamie Dence of Green River, Wyoming; four sons, George and Clarence of Antioch; Charles, Jr., of Beloit, Wis., and John, of Montreal, Canada, and 15 grandchildren.

A sister, Mrs. William Maaske, also survives.

Golf Courses

It is estimated that about \$40,000,000 is spent yearly in the United States to maintain about 5,000 public and private golf courses. These courses, which cover 150,000 square miles, are worked on by more than 75,000 persons. It is also estimated that 2,162,000 American men, women and children walked 238,000,000 miles last year while playing golf.

First Submarine

The submarine is regarded as a modern invention, but the first one really was built in England in 1620. It was a wooden shell, covered with leather, and navigated by 12 rowers.

LEGAL**ORDINANCE**

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, COUNTY OF LAKE AND STATE OF ILLINOIS:

SECTION 1. License Required: No person, firm, corporation, society, club or association shall keep and maintain for gain or profit in any place of public resort, either as owner, licensee, manager, officer or agent, any pinball machine or game, or any other similar type of game or machine in which any ball, sphere, missile, arm, crane, appliance, rod or plunger is struck, released, impelled, controlled or manipulated, directly or indirectly, for the purpose of amusement or test of skill, unless such person, firm, corporation, society, club or association shall have first obtained a license for such purpose.

SECTION 2. Application for License: Application to maintain such device shall be made with the Village Clerk of said Village for license therefor, stating the full name and address of the applicant and giving the name of the owner thereof, where said machine or device is to be used and maintained. Examination of said application may be made by the President of said Village to determine that the applicant is of good moral character and the premises in which it is proposed that such machine, game or device be operated is one of public resort and not habituated by criminals, felons, vagrants or persons having police records of crime or offense involving moral turpitude.

SECTION 3. Amount of License: For each machine so operated, applicant shall pay a license fee in the amount of Fifty (\$50.00) Dollars per year, payable on or before the first day of May of each year. There shall be no rebate or refund of any license, and such license shall be non-assignable and non-transferable and apply only to the premises for which license is issued. Such license shall not authorize the operation of any automatic pay-off machine or device. A license fee of Thirty-five (\$35.00) Dollars shall be paid for each machine so operated for the balance of this fiscal year ending April 30, 1941.

SECTION 4. Gambling Prohibited—Minors Not Allowed to Play: The wagering of moneys, goods or merchandise for gambling upon the outcome of such test of skill or amusement or the manipulation of such game, machine or device is expressly prohibited and shall constitute a violation of this ordinance and shall subject the licensee to a revocation of said license. The license granted under this ordinance may, in the discretion of the President, be revoked, should the premises be used for immoral purposes or as the congregating place of vagrants, habitual criminals, felons or persons heretofore convicted of crime or offenses involving moral turpitude. No minor shall be allowed to play upon said game.

SECTION 5. Penalty: Any person violating any provision of this ordinance shall be subjected to a fine of not less than \$5.00 nor more than \$200.00 for each offense and every day that such violation shall continue shall constitute a separate and distinct offense.

SECTION 6. All ordinances and parts of ordinances which are in conflict with or contrary to the provisions of this ordinance are hereby repealed.

SECTION 7. This ordinance shall go into effect and be in full force from and after its passage, approval and publication as provided by law.

GEORGE B. BARTLETT

Village President.
Presented and read, Sept. 6, 1940.
Passed and approved, Sept. 6, 1940.
Published, Sept. 12, 1940.
ATTEST—R. L. Murrle
Village Clerk.
Approved, Sept. 12, 1940.
George S. McGaughey,
Attorney.

Millburn Church--

(continued from page 1)

were riding. Miss Herrick was thrown out, but was only slightly injured.

Marion Connelly, accomplished young Gurnee horsewoman, led the parade, riding side saddle.

Heirlooms and relics handed down from Millburn pioneers were shown in the exhibit held in the Masonic hall under the auspices of the parish historical committee.

Tea was served in the church dining room throughout the afternoon, and a number of Millburn families held "open house."

Greetings at the evening worship service were brought by the Rev. W. S. Hogevoel of the Waukegan First Christian church, "On Behalf of the Fellowship of Protestant Churches," and by the Rev. William I. Caughran of Austin Congregational church, Chicago, "On Behalf of the Chicago Association of Congregational Churches." The Rev. Otto Scheibe, the Rev. C. Arthur Jevne and the pastor gave the scripture readings, prayer, invocation and benediction.

The soloist was Mrs. Edward Druce-Hoffman.

Committees for the centennial included the following:

Program, L. S. Bonner, Mrs. J. S. Denman, J. S. Denman, Tom Harness, Mrs. Emmet King, Mrs. Gordon Bonner, Miss Bernice Bauman; publicity, Kenneth Denman, Emmet King, Don Minto, Mrs. Ralph McGuire, Mrs. Carl Anderson.

Decoration, Ralph McGuire, Mrs. L. S. Bonner, Miss Margaret Denman, Miss Ruth Minto, Frank Edwards; historical, Miss Vivien Bonner, D. H. Minto, Victor Strang, Mrs. Eric Anderson, Richard Martin, the Rev. M. L. Frank, ex-officio.

Reception, Carl Anderson, Clifford Weber, Gordon Bonner, Robert Miller, Mrs. Victor Strang, Mrs. Ed Martin, Mrs. Harry Herrick, Mrs. M. L. Frank, Mrs. Theodore Engh.

King Carol II of Rumania Abdicates As Fascist Iron Guard Effects Coup; House Votes 60-Day Volunteer Plan Before Launching of Peacetime Draft

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

(Released by Western Newspaper Union.)

BALKANS:

Coup

Shots fired at the palace of King Carol of Rumania followed anxious days in the Balkans, during which Rumania accepted a Berlin-Rome dictated agreement transferring part of Transylvania to Hungary. Included in the agreement was a guarantee to Rumania by Germany that its shrunken borders would be guaranteed against further demands by anyone. With a "Who, me?" expression, Soviet Russia looked over the fence from Bessarabia and Northern Bukovina, which it earlier had seized from Rumania.

Even this did not satisfy the king's enemies. Two days later King Carol II announced the appointment of Gen. Ion Antonescu as the new military dictator of the country. Carol retained only a few unimportant governmental tasks.

But still crowds of angry rioters shouted in the public square around the Rumanian palace and the political "outs" clamored for more changes. Finally it was announced that King Carol had abdicated. Stepping down from the throne he was succeeded by his son Michael, 18 years of age, who once before ruled his nation as "the boy king" when his father renounced the right to the throne in 1925.

The coup against Carol was by Fascists who sought to take over Rumania at once and liquidate the entire situation.

M-DAY:

Men

Effects of the war will be brought to hundreds of thousands of American homes this month. For the first time in U. S. peace time history young men will be called from their jobs and schools to serve at least one year in the nation's military forces.

First is the National Guard, 60,500 officers and men from 26 states being the initial cadre going on active service beginning September 16. Later more will be called until 250,000 are in the field.

Meanwhile 11,000,000 will have registered under the conscription measure. Once set up, the draft machinery will turn fast. First call will be for a gradual enlistment of 400,000. An additional 500,000 will follow before spring.

A few days after the senate had approved the Burke-Wadsworth bill which would call up these first U. S. peacetime conscripts, the house of representatives tacked an amend-

houses, kitchens, drainage systems, gas and electrical lines. Erection of wooden barracks must wait congressional appropriation.

Sixteen camps were built during the World War. Most of these have been dismantled but the government still owns the land. If the same sites are selected, new barracks will be built at Camp Devens at Ayer, Mass.; Camp Upton, Yaphank, L. I.; Camp Dix, Wrightston, N. J.; Camp Meade, Annapolis Junction, Md.; Camp Lee, Petersburg, Va.; Camp Jackson, Columbia, S. C.; Camp Gordon, Atlanta, Ga.; Camp Sherman, Chillicothe, Ohio; Camp Taylor, Louisville, Ky.; Camp Custer, Battle Creek, Mich.; Camp Grant, Rockford, Ill.; Camp Pike, Little Rock, Ark.; Camp Dodge, Des Moines, Iowa; Camp Funston, Fort Riley, Kan.; Camp Travis, Fort Sam Houston, Texas; and Camp Lewis, American Lake, Wash.

Munitions

In some lines of equipment, where sufficient material cannot be constructed by existing industry, the government will build its own factories or lend money to private firms to expand.

With an eye to safety, however, none of these new facilities will be erected within 250 miles of an ocean or foreign border. This may develop a shift in the nation's industrial life.

HISTORY:

War Swap

In an agreement declared to be the most momentous in American history since the Louisiana Purchase, the United States traded war-

ATTORNEY GENERAL JACKSON
His opinion "made it legal."

ships to Great Britain for Western hemisphere air and naval bases.

To the U. S. came: Ninety-nine-year leases in Newfoundland, Bermuda, the Bahamas, Jamaica, St. Lucia, Trinidad, Antigua, and British Guiana.

Promise that if Britain loses the war it will not turn its fleet over to Germany, nor scuttle it.

To Britain goes: Fifty old-age destroyers, of which we have 123.

From a strategic and financial standpoint it was an excellent deal for the United States. The smallest base, at Antigua, one of the Leeward islands in the Caribbean, is considered worth more than the entire cost of the destroyers. Total worth of the bases is estimated at about half the cost of the entire United States navy. From the naval view, the trade gives America a line of fortifications unparalleled in protecting the Panama canal, the Gulf and the Atlantic coasts. Dependence of the British navy means America's one-ocean navy can be kept in the Pacific.

More important than the material aspects are those of prestige. The trade served notice on the world that America will not see Great Britain go down under the blows of a dictator. Spain, Turkey, the wavering French colonies, even Russia will be impressed. So will Japan. Latin America will feel the Act of Havana implemented.

Reaction at Home

Congress was given no part in the negotiations. President Roosevelt notified them merely of the accomplished fact, and cited legal opinions from Attorney General Jackson upholding his power to make the deal.

While there was general acceptance that the United States defense position had been greatly advanced, the President's methods are due to be given a raking criticism.

NAMES . . . in the news

Casualties—Dr. Robert Grieve, 28, American medical missionary and his wife, about 25, were killed in an isolated outpost of Anglo-Egyptian Sudan, near the Ethiopian border, by an Italian air raid.

Tourist—Gen. Juan Andreu Almazan, independent candidate for president in the recent Mexican election, arrived in Baltimore refusing to comment on the unannounced election returns.

Birthday—On her sixtieth birthday anniversary—the first of her 42-year reign on foreign soil—exiled Queen Wilhelmina of Holland spent the day in her London home and refused to take part in celebrations of her exiled subjects. A theater in Amsterdam, forbidden to fly the Dutch flag, decorated with the British banner and the Stars and Stripes. The Nazi governor closed the place until further notice.

TREND

... how the wind is blowing ...

Business—New York will inherit from Amsterdam the title of world's diamond market, said Sir Ernest Oppenheimer, chairman of two corporations which control 95 per cent of the world's production.

Canada—If Britain is forced to evacuate London as its capital, the government will move to Toronto, not Ottawa. Quarters already have been selected for the royal family.

Banks—Treasury officials alarmed at an increase in hoarding among individuals, are urging banks to prohibit large withdrawals where the need for the money is not clear.

POLITICS:

Issues Appear

Whether the government shall be given power to seize industries where owners refuse contracts for national defense production may turn into one of the major issues of the campaign. A clause to that effect, introduced by Senator Russell (D., Ga.) was included in the conscription bill before it passed the senate. Opposition developed in the

SENATOR RUSSELL

Mr. Willkie didn't like his amendment. house which has a less drastic idea. Final decision may be reached by conference.

Wendell L. Willkie, G. O. P. presidential nominee, denounced the Russell amendment less than 24 hours after its enactment. He said it was a move to "socialize and sovietize" industry. "If our enterprises and assets are to be taken over by the government," he asked, "what are we to defend?"

He also called upon the President to name a co-ordinator of national defense with full executive power to handle the nation's \$11,000,000 arms program. Such a move, he said, was advocated in the 1939 report of the national resources board.

Answer came quickly in the senate, where it was pointed out that 10 Republicans were among the 69 senators who favored "industrial draft." Senator Russell said Willkie was willing to conscript lives and careers of young men but not wealth.

WHEAT:

World Crop

The bureau of agricultural economics said indications are that about the same wheat acreage will be planted for 1941 harvest as was seeded for the 1940 harvest. There were 62,000,000 acres allotted for seeding for the 1941 crop under the Agricultural Adjustment act, the same as for the 1940 crop.

The bureau estimated that 1941 production will total about 750,000,000 bushels and leave about 50,000,000 bushels for export or addition to carry over. The total carryover would accordingly be about 300,000,000 bushels at the close of the 1941-42 season.

World acreage, exclusive of Soviet Russia and China, the bureau said, is expected to remain approximately the 275,000,000 acres harvested in 1939. The bureau said that world wheat supplies, exclusive of Soviet Russia and China, for the year beginning July 1, 1940, may be about 100,000,000 to 150,000,000 bushels smaller than a year ago when they totaled 5,445,000,000 bushels, the largest stock on record.

MISCELLANY:

Healthiest Baby

Sharon Ray Conn, whose parents are on direct relief, was named the state's healthiest baby at the Iowa state fair at Des Moines. Doctors gave her 99.4 points, the highest on record.

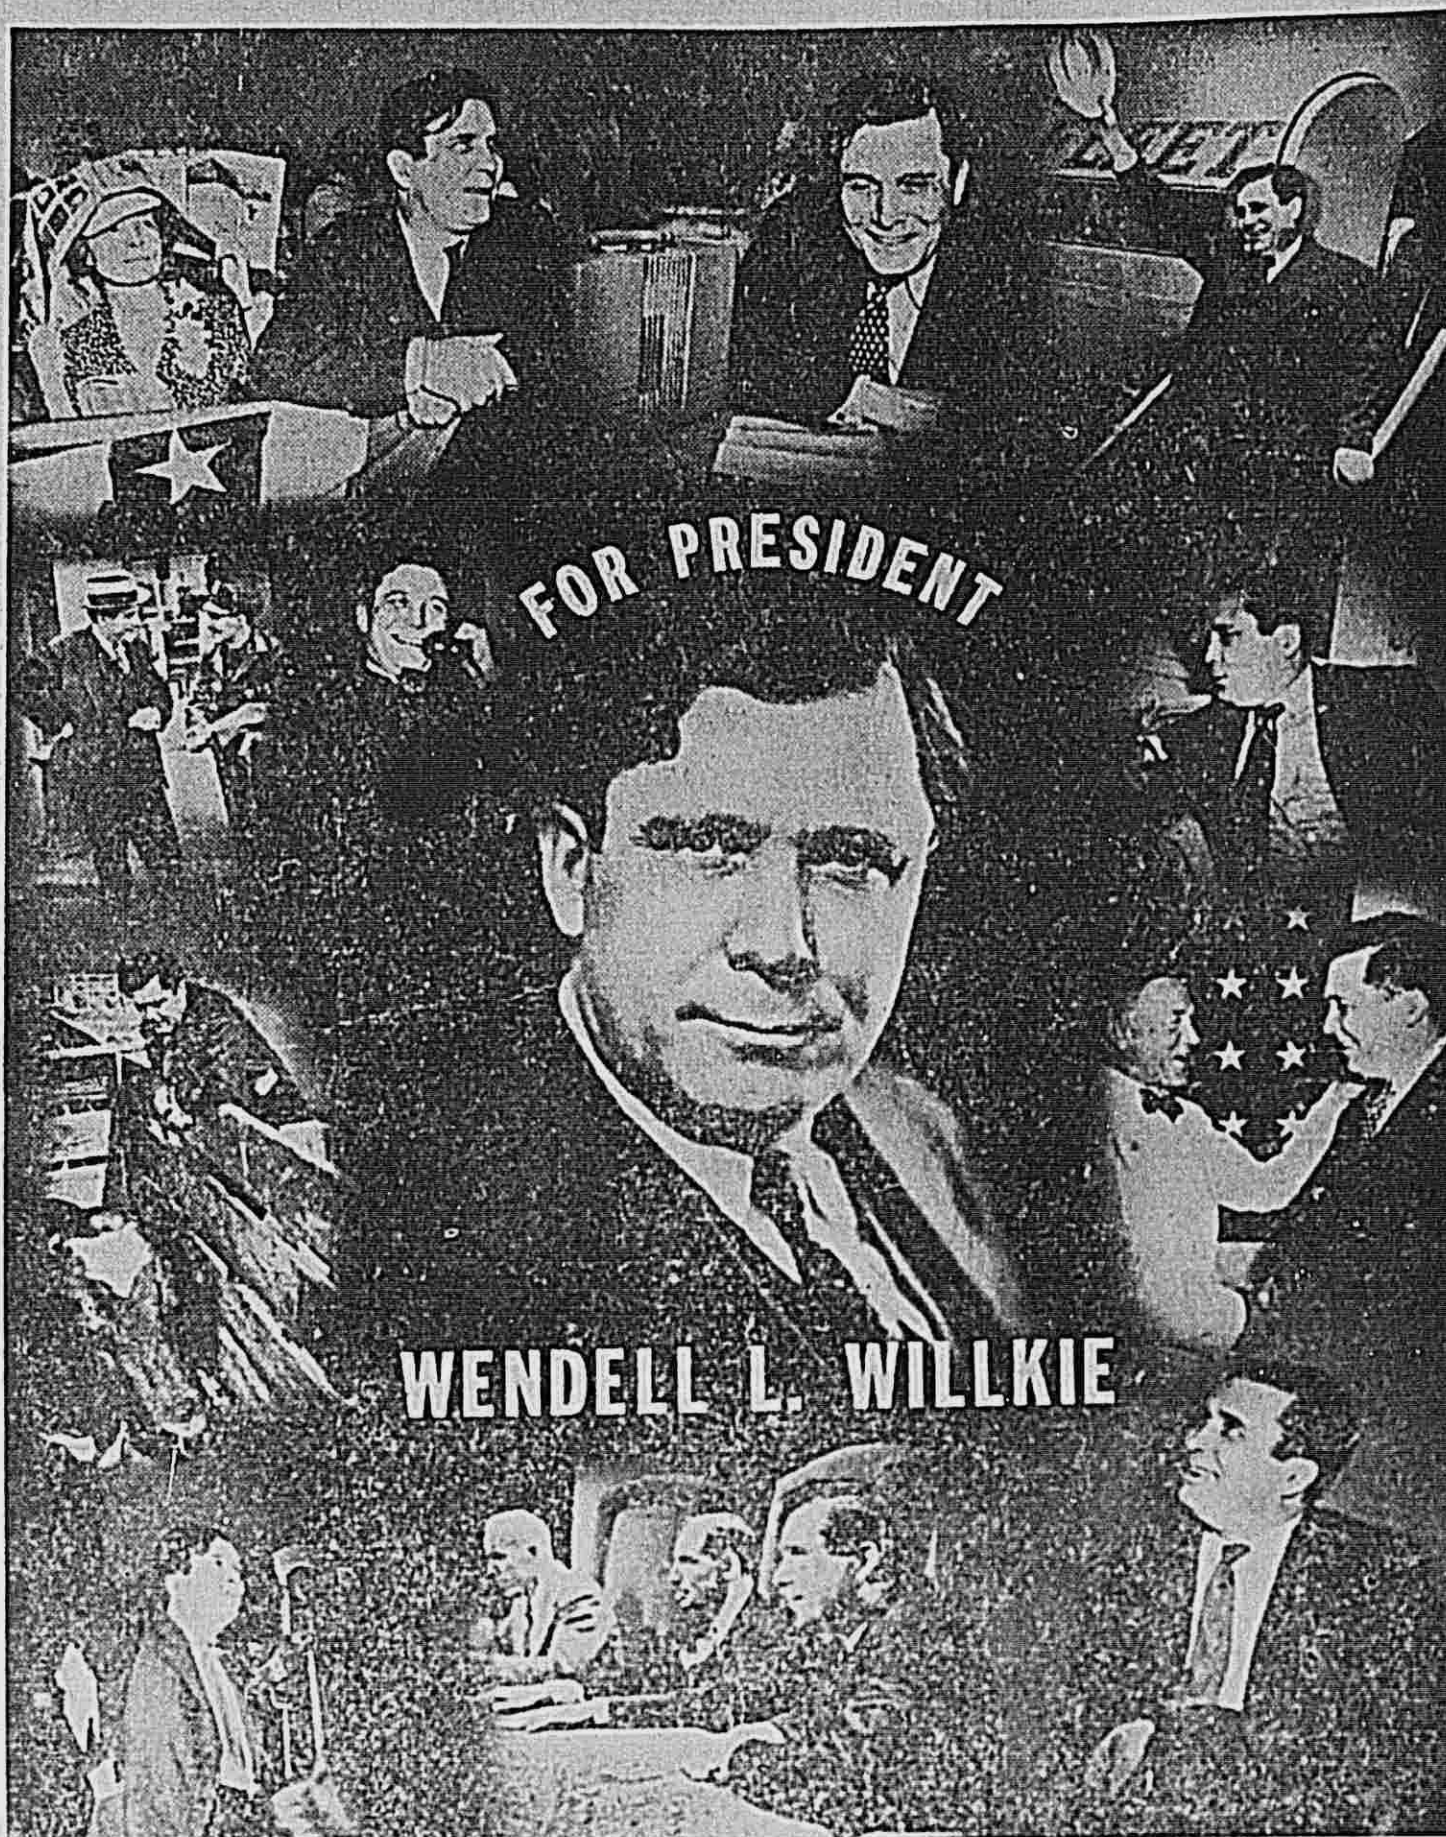

South Carolina Democrats in a primary election indicated their preference for prohibition's return. The score was: For legal liquor sale, 162,540; against legal sale, 110,994. After 16 months without a fatal accident on the nation's commercial airlines, a Central Pennsylvania plane crashed in West Virginia, bringing death to 25, the worst mishap in U. S. aerial history.

Citizens of the Dominican republic can sing "where never is heard a discouraging word." Dr. Raphael Leonidas Trujillo Molina, the island's dictator, has forbidden any discussion of the war.

There were 3 per cent fewer deaths on the nation's highways in July than in July last year, the National Safety council said.

WENDELL WILLKIE MAN OF ACTION

Republican Candidate for President, Like Thomas Jefferson, Has Wide Interests.

In the two and one-half months since his unprecedented and spectacular nomination for the Presidency, by the Republican National Convention, Wendell Willkie has demonstrated to the country his dynamic personality and driving energy as well as his quick and clear mind.

Few men have ever been nominated for the Presidency who have as wide and universal an interest in many fields of endeavor as Wendell Willkie. In that respect he has been compared to Thomas Jefferson who was as well versed in architecture as he was in the law—knew as much about farming as he did about political philosophy.

Born 48 years ago in the small town of Elwood, Indiana, Wendell Willkie was educated for the law. But before he received his degree in that profession, he taught history in the high school at Coffeyville, Kansas; drove a bakery wagon; worked as a baker for a tent hotel in Aberdeen, South Dakota, as a field hand

in harvesting wheat in Oklahoma and as a laborer in California. He has labored in steel mills and sugar fields.

Once embarked on the practice of law, Wendell Willkie defended labor unions with his father; enlisted in the army the day this country declared war on Germany in 1917; became a lawyer for a rubber company; and finally went to New York, first as counsel for Commonwealth and Southern Corporation and then, when the sick company needed resuscitation, as its president. Even critical New Dealers always have paid tribute to Willkie's candor, honesty and ability.

Nurtured in a home filled with books, Wendell Willkie throughout his life has been a constant reader of books—all kinds of books. He reads rapidly and, with a photographic-like mind, retains what he has read. He demonstrated his rich background of information on the "Information Please" programs on the air and in motion pictures. He is a qualified authority on English

Constitutional history and writes much better than many professional writers. Had he not been a great lawyer, he would have been an outstanding newspaperman.

Though Willkie has sat among the great and learned, he has never lost his touch with his Indiana origin. Though he likes books, he likes people more. He is as much at home in conversation with a truck driver or farm laborer as he is with an industrial tycoon or college President. Typical of the man is the fact that his faith in American agriculture is so great that he placed the savings from his salary in Indiana farm land. Operating these farms on a 50-50 basis with tenants, Willkie now knows as much about farming as he does about law.

Indeed, like the Roman of old, Willkie might say "nothing human is foreign to me." But that thought would never occur to Willkie because he believes that when a man commences to compare himself to a Cicero or Napoleon, people had better look out for him.

Here is a scene typical of armories throughout the nation as the national guard prepares for mobilization. This picture was taken in the rifle room of the 24th coast artillery armory, New York national guard as soldiers checked over weapons as one of the first steps in arrangements to answer their "call to arms."

ment to the bill which provided that voluntary enlistments be given a 60-day trial before the draft was begun. Under the terms of this amendment, if the army's quota was not filled within 60 days the draft would automatically go into effect to make up the difference between enlistments and the required number of soldiers. Thus the bill was shuttled back to the senate for consideration of this amendment.

Barracks

To get these men into the cantonments the President also acted without waiting for congress. Some months ago he was given \$250,000,000 to be used at his own discretion. He set \$25,000,000 of this aside for construction of water mains, bath-

Stool Pigeons
Pigeons in the United States were once so numerous that they were a menace to crops, and a constant source of annoyance to farmers. One method of getting rid of them was to catch a pigeon and fasten it to a call stool in the center of a field. When the other pigeons flocked around the decoy, it was easy enough to trap them. From this practice we get our expression, "Stool Pigeon," meaning an informer on criminals.

Bury Valuables
Antique dealers in this country are complaining because merchants and private owners in England are burying their valuables underground. In the first war, they say, "We were able to buy rare old silver in England at bargain prices." Missing treasure probably will be found by heirs when they dig up family estates.

Lemon Juice Revives
A little lemon juice added to the water in which lettuce or other salad greens are freshened will revive and crisp them.

Slaves Freed
Some historians say that passage of the fugitive slave law peeved the Northerners to such an extent that they helped more slaves to freedom between 1850 and 1860 than the total number that escaped during the entire period of our government previous to 1850.
